This collection is the first to examine the effects of bilingualism and multilingualism on the development of dialectal varieties of Spanish in Africa, America, Asia and Europe. Nineteen essays investigate a variety of complex situations of contact between Spanish and

typologically different languages, including Basque, Bantu languages, English, and Quechua. The overall picture that evolves clearly indicates that although influence from the contact languages may lead to different dialects, the core grammar of Spanish remains intact. Silva-Corvalán's volume makes an important contribution both to sociolinguistics in general, and to Spanish linguistics in particular. The contributors address theoretical and empirical issues that advance our knowledge of what is a possible linguistic change, how languages change, and how changes spread in society in situations of intensive bilingualism and language contact, a situation that appears to be the norm rather than the exception in the world. Send students into their exam with the confidence to aim for their best with this formula for effective and structured revision including guidance that helps students practice vocabulary, grammar and all four skills. - Enable students to avoid misconceptions with common mistakes highlighted throughout - Build students' vocabulary and grammar knowledge with recaps for each topic - Develop students' reading, listening, speaking and writing skills through short questions for every topic - Allow students to identify areas for improvement with sample answers and commentary for exam-style questions throughout - Prepare students for the exam with extra exam-style questions to try at the back, plus revision tips throughout - Allow students to mark their own responses using the answers in the back of the book This title has not been through the Cambridge Assessment International Education endorsement process. Up-to-date coverage of more 170,000 words and phrases, and 240,000 translations, as well as notes on the life and culture of countries of the Spanish-speaking world, are provided in an authoritative, concise dictionary. Send students into their exam with the confidence to aim for their best with this formula for effective and structured revision including guidance that helps students practice vocabulary, grammar and all four skills. - Enable students to avoid misconceptions with common mistakes highlighted throughout - Build students' vocabulary and grammar knowledge with recaps for each topic - Develop students' reading, listening, speaking and writing skills through short questions for every topic - Allow students to identify areas for improvement with sample answers and commentary for exam-style questions throughout - Prepare students for the exam with extra exam-style questions to try at the back, plus revision tips throughout - Allow students to mark their own responses using the answers in the back of the book Our bestselling AQA A Level Spanish course has been updated for 2016. The Student Book covers both AS and A-level in one textbook to help students build on and develop their language skills as they progress throughout the course. - Exposes students to authentic target language material with topical stimulus, and film and literature tasters for every work - Supports the transition from GCSE with clear progression through four stages of learning: transition, AS, A-level and extension - Builds grammar and translation skills with topic-related practice and a comprehensive grammar reference section - Develops language skills with a variety of tasks, practice questions and research activities - Gives students the tools they need to succeed with learning strategies throughout - Prepares students for the assessment with advice on essay-writing and the new individual research project Audio resources to accompany the Student Book must be purchased separately through your institution. They can be purchased in several ways: 1) as part of the Dynamic Learning Teaching and Learning resource; 2) as a separate audio download; 3) as part of the Student eTextbook. The Audio resources are not part of the AQA approval process. Examines in detail differences between Spanish synonyms. Quantification is central to human experience (cf. Aristotle's Organon): the most basic aspects of human life and reasoning involve quantity assessment. This study sheds lights on a highly frequent way to express quantification in Spanish, viz. the binominal quantifier (e.g. un aluviónN1 de llamadasN2 'a flood of calls') which assesses the quantity of N2 in terms of N1. This volume offers a corpus-based, cognitive-functional analysis of binominal quantifiers (BQ) in Spanish. The first part is dedicated to the development of BQs and starts from the assumption that BQs are cross-linguistically involved in grammaticalization. This monograph frames the history of BQs in Spanish in terms of constructional levels of change and highlights the complex interplay between analogical thinking and conceptual persistence. The second part motivates both the ample variation in the paradigm of quantifying nouns and their combinatorial pattern by the very same mechanism of conceptually-driven analogy. The study thus yields an innovative functional model of BQs in Spanish, in synchrony and in diachrony, with major implications for reference grammars and theory building. This is the latest updated edition of the University of Cambridge's official statutes and Ordinances. Exam Board: Edexcel Level: AS/A-level Subject: Spanish First Teaching: September 2017 First Exam: June 2018 Endorsed for the Edexcel A-level specification from 2016. Develop all four language skills with a single textbook that has clear progression from GCSE and throughout the new A-level. - Clear progression through four stages of learning: transition, AS, A-level and extension - Develops language skills through reading, listening, speaking and writing tasks, plus translation and research practice - Exposes students to authentic

topical stimulus and film and literature tasters for every work - Equips students with the tools they need to succeed with learning strategies throughout - Prepares students for the assessment with advice on the new individual research project and essay-writing - Builds grammar skills with exercises throughout and a detailed grammar reference section Audio resources to accompany the Student Book must be purchased separately through your institution. They can be purchased in several ways: 1) as part of the Dynamic Learning Teaching and Learning resource; 2) as a separate audio download; 3) as part of the Student eTextbook. The Audio resources are not part of the Edexcel endorsement process. A rising-star historian offers a significant new global perspective on the Revolutionary War with the story of the conflict as seen through the eyes of the outsiders of colonial society Winner of the Journal of the American Revolution Book of the Year Award • Winner of the Society of the Cincinnati in the State of New Jersey History Prize • Finalist for the George Washington Book Prize Over the last decade, award-winning historian Kathleen DuVal has revitalized the study of early America's marginalized voices. Now, in *Independence Lost*, she recounts an untold story as rich and significant as that of the Founding Fathers: the history of the Revolutionary Era as experienced by slaves, American Indians, women, and British loyalists living on Florida's Gulf Coast. While citizens of the thirteen rebelling colonies came to blows with the British Empire over tariffs and parliamentary representation, the situation on the rest of the continent was even more fraught. In the Gulf of Mexico, Spanish forces clashed with Britain's strained army to carve up the Gulf Coast, as both sides competed for allegiances with the powerful Chickasaw, Choctaw, and Creek nations who inhabited the region. Meanwhile, African American slaves had little control over their own lives, but some individuals found opportunities to expand their freedoms during the war. *Independence Lost* reveals that individual motives counted as much as the ideals of liberty and freedom the Founders espoused: Independence had a personal as well as national meaning, and the choices made by people living outside the colonies were of critical importance to the war's outcome. DuVal introduces us to the Mobile slave Petit Jean, who organized militias to fight the British at sea; the Chickasaw diplomat Payamataha, who worked to keep his people out of war; New Orleans merchant Oliver Pollock and his wife, Margaret O'Brien Pollock, who risked their own wealth to organize funds and garner Spanish support for the American Revolution; the half-Scottish-Creek leader Alexander McGillivray, who fought to protect indigenous interests from European imperial encroachment; the Cajun refugee Amand Broussard, who spent a lifetime in conflict with the British; and Scottish loyalists James and Isabella Bruce, whose work on behalf of the British Empire placed them in grave danger. Their lives illuminate the fateful events that took place along the Gulf of Mexico and, in the process, changed the history of North America itself. Adding new depth and moral complexity, Kathleen DuVal reinvigorates the story of the American Revolution. *Independence Lost* is a bold work that fully establishes the reputation of a historian who is

already regarded as one of her generation's best. Praise for *Independence Lost* “[An] astonishing story . . . *Independence Lost* will knock your socks off. To read [this book] is to see that the task of recovering the entire American Revolution has barely begun.”—The New York Times Book Review “A richly documented and compelling account.”—The Wall Street Journal “A remarkable, necessary—and entirely new—book about the American Revolution.”—The Daily Beast “A completely new take on the American Revolution, rife with pathos, double-dealing, and intrigue.”—Elizabeth A. Fenn, Pulitzer Prize-winning author of *Encounters at the Heart of the World* This book considers the most electorally successful political party in Spain, the Spanish Socialist Workers' Party (PSOE), which was in government for two of the three decades since it won office under Felipe González in 1982. Providing rich historical background, the book's main focus is on the period since General Franco's death in 1975. It charts Spain's modernisation under the PSOE, with a particular focus on the role played by European integration in this process. Covering events including the 2011 general election, the book is one of the most up-to-date works available in English and will be of great interest to academics and undergraduate and postgraduate students in the field of Spanish and European studies. Complete First Certificate for Spanish Speakers offers the most authentic preparation available for the Cambridge ESOL exam. Complete First Certificate is a course for the 2008 revised FCE exam.
