He discussed this theme with his son, Thomas, and Thomas ardently disagreed with both his father and the book he had been reading, along with the entire idea of unending human progress. Mr. Malthus suggested that he write down his objections so that they could discuss them point-by-point. Not long after, Thomas returned with a rather long essay. His father was so impressed that he urged his son to have it published. And so, in 1798, appeared *An Essay on Population*, by British political economist and demographer THOMAS ROBERT MALTHUS (1766-1834). Though it was attacked at the time and ridiculed for many years afterward, it has remained one of the most influential works in the English language on the general checks and balances of the world's population and its necessary control. This is a replica of the 1826 sixth edition. Volume 1 includes: Book I: "Of the Checks to the Population in the Less Civilised Parts of the World and in Past Times" and Book II: "Of the Checks to the Population in the Different States of Modern Europe." *The Federalist Papers* Alexander Hamilton - Hailed by Thomas Jefferson as the best commentary on the principles of government which was ever written, *The Federalist Papers* is a collection of eighty-five essays published by Founding Fathers Alexander Hamilton, James Madison, and John Jay from 1787 to 1788, as a means to persuade the public to ratify the Constitution of the United States. "[A] stunning tale of academic fraud . . . shocking and compelling."-The Washington Post Dave Tomar wrote term papers for a living. Technically, the papers were "study guides," and the companies he wrote for-there are quite a few-are completely aboveboard and easily found with a quick web search. For as little as ten dollars a page, these paper mills provide a custom essay, written to the specifics of any course assignment. During Tomar's career as an academic surrogate, he wrote made-to-order papers for everything from introductory college courses to Ph.D. dissertations. There was never a shortage of demand for his services. *The Shadow Scholar* is the story of this dubious but all-too-common career. In turns shocking, absurd, and ultimately sobering, Tomar explores not merely his own misdeeds but the bureaucratic and cash-hungry colleges, lazy students, and even misguided parents who help make it all possible. *Write the SAT Essay Right!* is not your average-ho-hum-SAT-prep book, full of fluff and boring, useless stuff. This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's *Weekly*. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon. This book provides you with all the tools you need to write an excellent academic article and get it published.
