to act.

The year is 1348 and the first plague victim has reached English shores. Panic erupts around the country and a small band of travellers comes together to outrun the deadly disease, unaware that something far more deadly is -in fact - travelling with them. The ill-assorted company - a scarred trader in holy relics, a conjurer, two musicians, a healer and a deformed storyteller - are all concealing secrets and lies. And at their heart is the strange, cold child - Narigorm - who reads the runes. But as law and order breaks down across the country and the battle for survival becomes ever more fierce, Narigorm mercilessly compels each of her fellow travellers to reveal the truth ... and each in turn is driven to a cruel and unnatural death. Meigs's account of the National Film Board of Canada production unfolds in a meditation on time, old age and bonding. The Company of Strangers shows us the remarkable strangeness, and fragility, of our everyday lives. This completely revised and updated edition includes a new chapter analyzing how the rise and fall of social trust explain the unsustainable boom in the global economy over the past decade and the financial crisis that succeeded it. Drawing on insights from biology, anthropology, history, psychology, and literature, Paul Seabright explores how our evolved ability of abstract reasoning has allowed institutions like money, markets, cities, and the banking system to provide the foundations of social trust that we need in our everyday lives. Even the simple acts of buying food and clothing depend on an astonishing web of interaction that spans the globe. How did humans develop the ability to trust total strangers with providing our most basic needs? Tracing the segmentation of the literary marketplace in 19th century America, this book analyses the implications of the subdivided literary field for readers, writers, and literature itself. Explores how humans' evolved ability of abstract reasoning has allowed such institutions as money, markets, cities and the banking system to provide a foundation of social trust, in a revised edition that has a new chapter explaining how the rise and fall of social

trust resulted in the financial crisis. Original. Starting with their award winning profiles of Fred Astaire in 1980, Joan Kramer and David Heeley documented the lives and careers of many Hollywood legends, establishing a reputation for finding the un-findable, persuading the reluctant, and maintaining unique relationships long after the end credits rolled. These were recognized as high-quality, definitive film portraits, which revitalized the genre and made it a mainstay of television programming. This is their insiders' view of the famous and the powerful: Katharine Hepburn, James Stewart, Johnny Carson, Frank Sinatra, Lew Wasserman, Ronald Reagan, Paul Newman, Joanne Woodward, Jane Fonda, Richard Dreyfuss, Audrey Hepburn, and Bette Davis, among others. Kramer and Heeley's behind the scenes stories of the productions and the personalities involved are amusing, sometimes moving, often revealing, and have never been told before. From Pulitzer Prize winner and bestselling author Rick Atkinson (Liberation Trilogy) comes an eyewitness account of the war against Iraq and a vivid portrait of a remarkable group of soldiers. "A beautifully written and memorable account of combat from the top down and bottom up as the 101st Airborne commanders and front-line grunts battle their way to Baghdad.... A must-read."—Tom Brokaw For soldiers in the 101st Airborne Division, the road to Baghdad began with a midnight flight out of Fort Campbell, Kentucky, in late February 2003. For Rick Atkinson, who would spend nearly two months covering the division for The Washington Post, the war in Iraq provided a unique opportunity to observe today's U.S. Army in combat. Now, in this extraordinary account of his odyssey with the 101st, Atkinson presents an intimate and revealing portrait of the soldiers who fight the expeditionary wars that have become the hallmark of our age. At the center of Atkinson's drama stands the compelling figure of Major General David H. Petraeus, described by one comrade as "the most competitive man on the planet." Atkinson spent virtually all day every day at Petraeus's elbow in Iraq, where he had an unobstructed view of the stresses, anxieties, and large joys of commanding 17,000 soldiers in combat. Atkinson watches Petraeus wrestle with innumerable tactical conundrums and direct several

intense firefights; he watches him teach, goad, and lead his troops and his subordinate commanders. And all around Petraeus, we see the men and women of a storied division grapple with the challenges of waging war in an unspeakably harsh environment. With the eye of a master storyteller, the premier military historian of his generation puts us right on the battlefield. In the Company of Soldiers is a compelling, utterly fresh view of the modern American soldier in action. "Immensely talented... Christy's muscular, vivid writing and John le Carré-esque talent for thrusting us deep into unfamiliar territory ensure that what could lapse into cliché instead sounds fresh and exciting... Klay is a great, flawed hero, in the vein of the classic hard-drinking, hard-living, hard-loving loner."--New York Times Book Review

In this intricate and propulsive thriller--from National Geographic's founder of Special Investigations--Tom Klay an investigative reporter leading a double life as a CIA spy, discovers that he has been weaponized in a global game of espionage pitting him against one of the world's most ruthless men. Tom Klay is a celebrated investigative wildlife reporter for the esteemed magazine The Sovereign. But Klay is not just a journalist. His reporting is cover for an even more dangerous job: CIA agent. Klay's press credentials make him a perfect spy--able to travel the globe, engage both politicians and warlords, and openly record what he sees. When he needs help, the Agency provides it to him, and asks little in return. But while on assignment in Kenya, Klay is attacked and his closest friend is murdered. Soon Klay's carefully constructed double life unravels as his ambition turns to revenge. The CIA has an answer. Klay is offered a devil's bargain to capture the man who killed his friend by infiltrating the offices of the woman he once loved, South Africa's special prosecutor, Hungry Khoza. But Klay soon discovers that he and Hungry are part of a larger, more lethal game--one that involves a ruthless mercenary and a global superpower. The deeper he digs, the more Klay realizes that everything he thought he knew about his work may have been a lie, and his sworn enemy may be his only ally. In this riveting, timely thriller, the lines between good and evil blur, and absolutely nothing is as it seems. Can one man save the Titanic? March

1912. A mysterious man appears aboard the Titanic on its doomed voyage. His mission? To save the ship. The result? A world where the United States never entered World War I, thus launching the secret history of the 20th Century. April 2012. Joseph Kennedy - grand-nephew of John F. Kennedy - lives in an America occupied in the East by Greater Germany and on the West Coast by Imperial Japan. He is one of six people who can restore history to its rightful order -- even though it would mean his own death. "A magnificent alternate history, set against the backdrop of one of the the greatest maritime disasters." Library Journal "Imaginative, monolithic, action-packed... The reader will not be disappointed." — Bookseller and Publisher "Time travel, airships, the Titanic, Roswell ... Kowalski builds a decidedly original creature that blends military science fiction, conspiracy theory, alternate history, and even a dash of romance." Publishers Weekly "Kowalski effortlessly smashes together high art and grand adventure in this alt-history juggernaut." John Birmingham, acclaimed author of Weapons of Choice "Exciting action, twisty and ingenious characterisation, and complicated time-travel plotting, deftly handled." S.M. Stirling, NYT bestselling author of The Tears of the Sun "A non-stop chase that takes place across two thousand miles ... and one hundred years of perdurant time." Walter Jon Williams, NYT bestselling author of Deep State

Mary Gordon's extraordinary novel about a young Catholic woman who pursues father figures—only to wrestle to break free of them Felicitas Maria Taylor was brought up in a cocoon, raised by five devoutly religious women. The death of her father while she was still a baby has caused her to seek out the extreme in men, and that is what she finds in Father Cyprian, a priest whom Felicitas visits during summers in upstate New York. The charismatic Cyprian fosters the young girl's gifts and intelligence, but, no lover of worldly things, he demands a severe loyalty. When Felicitas comes of age and begins her studies at Columbia, everything seems poised to change. At the university, she falls under the spell of another domineering man—a professor surrounded by young activist acolytes—and this time, the stakes couldn't be higher. The Company of Women is a story of dangerous attachments and

challenged faith—and of finding an enduring future. Examines how towns across the United States have grown thanks to the existence of one large business being run from the community, discusses how those single-business communities have influenced the American economy, and explores the benefits and consequences of these towns. Follow Father Tim and Cynthia on their journey to research his Kavanagh ancestry in the Irish countryside in this novel in the beloved Mitford series from #1 New York Times bestselling author Jan Karon.

Vacation—the very word has been foreign to Episcopal priest Tim Kavanagh. Now retired from tending his flock in the village of Mitford, he is making good on a promise to show his wife, Cynthia, the charming land of his Irish ancestors. But after arriving at a Lough Arrow fishing lodge in the midst of a torrential downpour, the charm disappears. They find their holiday upended by an intruder, a treasured painting is stolen from the lodge, and a family conflict dating back nearly a century turns even more bitter. As three generations struggle to find deliverance from the crucifying power of secrets, Tim and Cynthia stumble upon a faded journal that might just explain the crime—and offer a chance at redemption. A surprising number of Old Testament stories involve hair and hairstyles, from the brothers Esau and Jacob to Samson and Delilah. This academic study looks at the representation of hair in ancient Israeli culture and its place in national, religious and social identity. This volume of essays presents innovative research from a variety of perspectives on the cultural significance of wolves, children raised by wolves, and werewolves, as portrayed in different media and genres. As wolves return to their old territory in Yellowstone National Park, their presence is reawakening passions as ancient as their tangled relations with human beings. This authoritative and eloquent book coaxes the wolf out from its camouflage of myth and reveals the depth of its kinship with humanity, which shares this animal's complex complex social organization, intense family ties, and predatory streak. This title shows how a reconception of family and kinship underlies the revolutionary experiments of the modernist novel. While stories of marriage and long-lost relatives were a mainstay of

classic Victorian fiction, the book suggests that rival countercurrents within these family plots set the stage for the formal innovations of Joyce and Proust. By investigating how the question of family is a hidden key to modernist structure and style, the book explores the formal narrative potential of queerness and in doing so rewrites the history of the modern novel. "Bibliography of ethical criticism": pages 505-534.

Presents arguments for the relocation of ethics to the center of literature, examining periods, genres, and particular works. Do you want a jewel worn by Cleopatra, an original Shakespeare folio, or the combined genes of Socrates and Marilyn Monroe? Dr. Zeus can make your dreams come true. The Company, a powerful corporate entity in the twenty-fourth century, has discovered a nearly foolproof recipe for success: immortal employees and time travel. It specializes in retrieving extraordinary treasures out of the past, gathered by cybernetically enhanced workers who pass as ordinary people. Or at least they try to pass.... One rule at Dr. Zeus Incorporated must not be broken: Recorded history cannot be changed. But avoiding the attention of mortals while stealing from them? It's definitely not in the Company manual. History awaits, although not quite the one you remember. The zombie apocalypse was just the beginning of Emily's problems. Now the vampire hunter has to ride cross-country with Death himself in this thrilling apocalyptic adventure series! Two years after the zombie uprising devours 99% of the world's population, it's Emily Campbell's job to destroy vampire communes and rescue their human herds. When a mission goes wrong, and she's faced with certain undeath, she would rather kill herself than ever let them transform her. The problem is that when she tries, the Grim Reaper fails to take her life. And he somehow loses all his powers in the process. Now neither alive nor dead, Emily finds herself stranded in the California desert with Death himself. If she can get him to help her, there's a chance she can cross the vampire- and zombie-swarmed continent to New York, where the remnants of civilization are developing a cure that could make her human again. But without his powers, Death is mired in a crisis of his own. And he is not used to having company. What if the real

key to a richer and more fulfilling career was not to create and scale a new start-up, but rather, to be able to work for yourself, determine your own hours, and become a (highly profitable) and sustainable company of one? Suppose the better--and smarter--solution is simply to remain small? This book explains how to do just that. Company of One is a refreshingly new approach centered on staying small and avoiding growth, for any size business. Not as a freelancer who only gets paid on a per piece basis, and not as an entrepreneurial start-up that wants to scale as soon as possible, but as a small business that is deliberately committed to staying that way. By staying small, one can have freedom to pursue more meaningful pleasures in life, and avoid the headaches that result from dealing with employees, long meetings, or worrying about expansion. Company of One introduces this unique business strategy and explains how to make it work for you, including how to generate cash flow on an ongoing basis. Paul Jarvis left the corporate world when he realized that working in a high-pressure, high profile world was not his idea of success. Instead, he now works for himself out of his home on a small, lush island off of Vancouver, and lives a much more rewarding and productive life. He no longer has to contend with an environment that constantly demands more productivity, more output, and more growth. In Company of One, Jarvis explains how you can find the right pathway to do the same, including planning how to set up your shop, determining your desired revenues, dealing with unexpected crises, keeping your key clients happy, and of course, doing all of this on your own. When a guest dies in the B&B she helps her aunts run, a young witch must rely on some good old-fashioned investigating to clear her aunt's name in this magical and charming new cozy mystery. For four hundred years, the Warren witches have used their magic to quietly help the citizens of the sleepy New England town of Evenfall thrive. There's never been a problem they couldn't handle. But then Constance Graves--a local known for being argumentative and demanding--dies while staying at the bed and breakfast Brynn Warren maintains with her aunts. At first, it seems like an accident...but it soon becomes clear that there's something

more sinister at work, and Aunt Nora is shaping up to be the prime suspect. There's nothing Brynn wants more than to prove Nora's innocence, and it hurts her to know that even two years ago that might have been easier. Brynn, after all, is a witch of the dead--a witch who can commune with ghosts. Ghosts never remember much about their deaths, but Constance might remember something about her life that would help crack the case. But Brynn hasn't used her powers since her husband died, and isn't even sure she still can. Brynn will just have to hope that her aunts' magic and her own investigative skills will lead her to answers--and maybe back to the gift she once thought herself ready to give up forever. In the ever-changing world of business, we've arrived at a point where process has trumped culture, where the race toward efficiency has left us unable to reach our potential. Stuck in the land of status quo, we've forgotten how to think. The very structures put in place to help businesses grow are now holding us back;; it's time to Kill the Company. This book is a call to arms: to start a revolution in how we think and work. But instead of more one-size-fits-all change initiatives forced upon employees, we need to embrace small changes that create ripple effects throughout the organization. Lisa Bodell urges companies to move from "Zombies, Inc." to "Think, Inc." Thinking can no longer be exclusive to the creative team or lead strategists. A culture of curiosity must be fostered among the ranks to shake up our standard practices, from unproductive meetings to go-nowhere strategic planning. This revolution can and will awaken our ability to think, and ultimately, to innovate and grow. Chosen by BusinessWeek as One of the Top Ten Business Books of the Year With apologies to Hegel, Marx, and Lenin, the basic unit of modern society is neither the state, nor the commune, nor the party; it is the company. From this bold premise, John Micklethwait and Adrian Wooldridge chart the rise of one of history's great catalysts for good and evil. In a "fast-paced and well-written" work (Forbes), the authors reveal how innovations such as limitations on liability have permitted companies to rival religions and even states in importance, governing the flow of wealth and controlling human affairs--all while being largely

exempt from the rules that govern our lives. The Company is that rare, remarkable book that fills a major gap we scarcely knew existed. With it, we are better able to make sense of the past four centuries, as well as the events of today. Fascinating facts, trivia, and stories celebrating nature and the magnificent life of trees and their invaluable place in our lives, including beautiful, full-color photographs throughout. When was the last time you spent time outside? The space between your front door and your car doesn't count. Nature holds incredible power to soothe our spirits, calm our minds, and open us up to creativity, if we can unplug long enough to step away from our screens and embrace it. And while they say you can't see the forest for the trees, they play perhaps the leading role in our enjoyment of the outdoors. In the Company of Trees helps you rediscover your own connection to the world outside, with over 195 quotes, facts, and stories honoring trees from across the world and in our own back yards alike. Inviting, full-color photos of sun-dappled forests and tree-filled hikes throughout will inspire you to do some forest-bathing of your own and embrace the healing power of nature. Lack of employee engagement is the biggest challenge facing business owners and leaders today. Daren Martin delivers proven insights and solutions he uses to create ownership cultures in some of the biggest companies in the world. This quick reading, hard hitting, solution oriented book will soon be a staple in top business leaders' libraries. Using insights gleaned from years helping companies and coaching leaders, Dr. Martin teaches company leaders how to turn team members into owners. The visually appealing graphic layout easily engages readers and leads them through a dynamic learning process. This book is intense, humorous, challenging, thought provoking and extremely engaging. A look at the amazing, groovy world of microbes With more than 1,000 posts and 2 million views, the esteemed blog Small Things Considered has been sparking the imagination of microbiologists for an entire decade. Throughout the years, Elio Schaechter and his team of dedicated bloggers have shared exciting, unexpected, and unusual stories from the microbial world. In the Company of Microbes is a carefully selected treasure chest of wise,

amusing, and even profound statements about the ubiquity and relevance of the microbial world. Schaechter, past ASM Presidents, and distinguished microbiologists from around the globe reflect on personal, sometimes historic interactions with microbes and unexpected discoveries, each essay conveying the excitement and sense of surprise that microbiology holds for them. This is the reason that *Small Things Considered* is a scientific and social media phenomenon that has impacted scientists at every stage of their careers and shared the magical of microbes with world. Join Schaechter in discovering a never-ending pageant of astounding variations on the theme of microbial life. Enjoy! Being laid off can be a traumatic event. The unemployed worry about how they will pay their bills and find a new job. In the American economy's boom-and-bust business cycle since the 1980s, repeated layoffs have become part of working life. In *A Company of One*, Carrie M. Lane finds that the new culture of corporate employment, changes to the job search process, and dual-income marriage have reshaped how today's skilled workers view unemployment. Through interviews with seventy-five unemployed and underemployed high-tech white-collar workers in the Dallas area over the course of the 2000s, Lane shows that they have embraced a new definition of employment in which all jobs are temporary and all workers are, or should be, independent "companies of one." Following the experiences of individual jobseekers over time, Lane explores the central role that organized networking events, working spouses, and neoliberal ideology play in forging and reinforcing a new individualist, pro-market response to the increasingly insecure nature of contemporary employment. She also explores how this new perspective is transforming traditional ideas about masculinity and the role of men as breadwinners. Sympathetic to the benefits that this "company of one" ideology can hold for its adherents, Lane also details how it hides the true costs of an insecure workforce and makes collective and political responses to job loss and downward mobility unlikely. Drawing on real accounts of the Ebola outbreak that devastated West Africa, this poignant, timely fable reflects on both the strength and the fragility of life and humanity's place in the world. Two boys

venture from their village to hunt in a nearby forest, where they shoot down bats with glee, and cook their prey over an open fire. Within a month, they are dead, bodies ravaged by an insidious disease that neither the local healer's potions nor the medical team's treatments could cure. Compounding the family's grief, experts warn against touching the sick. But this caution comes too late: the virus spreads rapidly, and the boys' father is barely able to send his eldest daughter away for a chance at survival. In a series of moving snapshots, Véronique Tadjo illustrates the terrible extent of the Ebola epidemic, through the eyes of those affected in myriad ways: the doctor who tirelessly treats patients day after day in a sweltering tent, protected from the virus only by a plastic suit; the student who volunteers to work as a gravedigger while universities are closed, helping the teams overwhelmed by the sheer number of bodies; the grandmother who agrees to take in an orphaned boy cast out of his village for fear of infection. And watching over them all is the ancient and wise Baobab tree, mourning the dire state of the earth yet providing a sense of hope for the future. Acutely relevant to our times in light of the coronavirus pandemic, *In the Company of Men* explores critical questions about how we cope with a global crisis and how we can combat fear and prejudice. **THE "MUST-READ"* BOOK THAT INSPIRED THE EXTRAORDINARY DOCUMENTARY FOR PUBLIC TELEVISION** After the Band of Brothers went home, they never forgot the lessons of war . . . After chronicling the personal stories of the Band of Brothers in *We Who Are Alive and Remain*, author Marcus Brotherton presents a collection of remembrances from the families of the soldiers of Easy Company—and how their wartime experiences shaped their lives off the battlefield. *A Company of Heroes* is an intimate, revealing portrait of the lives of the men who fought for our freedom during some of the darkest days the world has ever known—men who returned home with a newfound wisdom and honor that they passed onto their families, and that continue to inspire new generations of Americans. *Jake Powers, Official E/506th Historian *New York Times* Bestseller “I want to rip out every page of this glorious book and hang them on my wall so that I can be surrounded by

these incredible women all day long.” —Emma Straub, New York Times bestselling author of *The Vacationers* and *Modern Lovers* Over 100 exceptional and influential women describe how they embraced their creative spirit, overcame adversity, and sparked a global movement of entrepreneurship. Media titans and ceramicists, hoteliers and tattoo artists, comedians and architects—taken together, these profiles paint a beautiful picture of what happens when we pursue our passions and dreams. "Unique, gorgeous, and highly recommended."

—Midwest Book Review Wildlife biologist Victor Van Ballenberghe gives insights into the species, their habitat, and predators Intimate stories about the moose the author has studied for extensive periods The grace, gentle nature, and beauty of these giants are captured in lively text and dramatic full-color photos Offers the true story of Nancy Mace, the first woman to ever graduate the once male-only military college, The Citadel. Reprint. In *The Company of Women* explains how indirect, or "relational," aggression can hurt women and hinder them from achieving success and harmony in their adult lives. Gender studies have shown that when a goal is in sight, men generally use direct action to attain it. Women, on the other hand, have been socialized to express aggressive actions through indirect means-using behavior such as shunning, stigmatizing, and With startling insights into the meaning of our everyday behavior, this book offers straightforward techniques to change conflict among women into cooperation by resolving discords peaceably, building relationships, and making the most of women's unique leadership and communication skills. When a process-server arrives at a housing project on the edge of Paris to draw up a routine inventory of goods in view of seizure, the reception he receives from distraintees Rose Melie and her teenage daughter Louisiane is more than he has bargained for. Rose, forever unhinged by the trauma of a childhood spent under the Nazi occupation, mistakes him for a collaborationist thug and assails him with her alternately tragic and hilarious memories. Louisiane, for her part, treats the process-server to an exaggerated display of courtesy laced with precocious erudition and a stream of late-pubescent revelations. In a

narrative that lurches giddily between 1942 and 1997, Lydie Salvayre picks at the sores of recent French history, while exposing patterns of authoritarianism. In *Some Useful Advice for Apprentice Process-Servers* - a short piece also included in this book - the author grants the process-server a right of reply, which he uses to chilling effect. This realistic New York Times-bestselling epic spy novel captures the thrilling story of CIA agents in the latter half of the Twentieth Century. The New York Times bestselling spy novel *The Company* lays bare the history and inner workings of the CIA. This critically acclaimed blockbuster from internationally renowned novelist Robert Littell seamlessly weaves together history and fiction to create a multigenerational, wickedly nostalgic saga of the CIA—known as “the Company” to insiders. Racing across a landscape spanning the legendary Berlin Base of the '50s, the Soviet invasion of Hungary, the Bay of Pigs, Afghanistan, and the Gorbachev putsch, *The Company* tells the thrilling story of agents imprisoned in double lives, fighting an amoral, elusive, formidable enemy—and each other—in an internecine battle within the Company itself. “Compulsive reading from start to finish.” —The Boston Globe “Hugely entertaining . . . A serious look at how our nation exercises power. . . . Popular fiction at its finest.” —The Washington Post Book World “As it happens, this longest spy novel ever written turns out to be one of the best.” —Chicago Tribune “Reads like a breeze . . . guaranteed to suck you right back into the Alice-in-Wonderland world of spy vs. spy.” —Newsweek “If Robert Littell didn't invent the American spy novel, he should have.” —Tom Clancy “It's gung-ho, hard-drinking, table-turning fun.” —Publishers Weekly

NATIONAL BESTSELLER A thrilling new telling of the story of modern Canada's origins. The story of the Hudson's Bay Company, dramatic and adventurous and complex, is the story of modern Canada's creation. And yet it hasn't been told in a book for over thirty years, and never in such depth and vivid detail as in Stephen R. Bown's exciting new telling. The Company started out small in 1670, trading practical manufactured goods for furs with the Indigenous inhabitants of inland subarctic Canada. Controlled by a handful of English aristocrats, it expanded into a powerful political force that

ruled the lives of many thousands of people--from the lowlands south and west of Hudson Bay, to the tundra, the great plains, the Rocky Mountains and the Pacific northwest. It transformed the culture and economy of many Indigenous groups and ended up as the most important political and economic force in northern and western North America. When the Company was faced with competition from French traders in the 1780s, the result was a bloody corporate battle, the coming of Governor George Simpson--one of the greatest villains in Canadian history--and the Company assuming political control and ruthless dominance. By the time its monopoly was rescinded after two hundred years, the Hudson's Bay Company had reworked the entire northern North American world. Stephen R. Bown has a scholar's profound knowledge and understanding of the Company's history, but wears his learning lightly in a narrative as compelling, and rich in well-drawn characters, as a page-turning novel. **NATIONAL BESTSELLER WINNER OF THE BLACKBOARD NONFICTION BOOK OF THE YEAR** "Practical, hilarious, and common sense advice for self-care and self-recovery."—Common Boundary Wise, intimate, and full of practical insights, *In the Company of My Sisters* is the first book by a Black psychotherapist to address the issue of self-esteem in Black women's lives. Julia A. Boyd has drawn from a wealth of experience—her own and that of her "sister circle"—to take a hard and honest look at the realities and issues Black women face. "I wrote this book to validate and celebrate who we are," Boyd has said. "We have been the recipients of many distorted messages about our ethnicity and our femaleness."
