**Searching for Hope** Dec 27 2022 “A gritty, wonderfully honest investigation of life in an urban American high school in the 21st Century.” —Jay Mathews, Washington Post education columnist *Searching for Hope* is a gripping account of life in a once-great high school in a rough Indianapolis neighborhood. Granted unfiltered access to Manual High throughout an entire school year, award-winning journalist Matthew Tully tells the complex story of the everyday drama, failures, and triumphs in one of the nation’s many troubled urban public high schools. He walks readers into classrooms, offices, and hallways, painting a vivid picture of the profound academic problems, deep frustrations, and apathy that absorb and sometimes consume students, teachers, and administrators. Yet this intimate view also reveals the hopes, dreams, and untapped talents of some

amazing individuals. Providing insights into the challenges confronting those who seek to improve the quality of America's schools, Tully argues that school leaders and policy makers must rally communities to heartfelt engagement with their schools if the crippling social and economic threats to cities such as Indianapolis are to be averted. "[W]hile the book offers no unfamiliar insight into the plight of urban schools, it does give a powerful, ultimately genuine voice to the complicated, imperfect individuals whose victories and hopes are often unreported."  
—Publishers Weekly "[T]his keen observation of teens at a troubled high school makes for fascinating reading."

**Race Against Time** Mar 06 2021 In 2000, the United Nations laid out a series of eight goals meant to guide humankind in the new century. Called the Millennium Development Goals, these targets are to be met by 2015 and are to lay the foundation for a prosperous future. In *Race Against Time*, Stephen Lewis advances real solutions to help societies across the globe achieve the Millennium Goals. Through lucid, pragmatic explanations, he shows how dreams such as universal primary education, a successful war against the AIDS pandemic, and environmental sustainability, are within the grasp of humanity. For anyone interested in forging a better world in the third millennium, *Race Against Time* is powerful testimony.

Hope in the Morning Nov 21 2019 Michael grew up under the crushing hand of an abusive alcoholic father. As an altar boy, he suffered mental and emotional abuse at the hands of the clergy. Soon, Michael turned his back on the church - and

God - for over 20 years. Unfortunately God's presence took a back seat to his anger, resentment and disappointment. It was during this period he indulged in many self-destructive behaviors. But he never forgot the "God of his youth," and a relationship that nourished and protected him when he was very young. Twenty years go by, and Michael is married and fully invested in his chosen profession, yet still angry at God. It was in the rooms of Al-Anon where Michael rediscovered his faith in a God that cares and began the challenging journey back to the "God of his youth." But God wasn't through with Michael. In 1985, having a profound spiritual experience, he rededicated his life to the Lord, accepting God's forgiveness, mercy and grace for his past indiscretions. The Scriptures became alive to him. He devoured the Scriptures at every opportunity. Since then, he has been in leadership in various churches. But God had more blessings for Michael. He hit another bottom when his attorney job ended. Shortly after that he attended Sierra Tucson for treatment of his codependency, grief and other unresolved issues. This was another turning point in his life. Michael uses his experience as a lawyer and Christian Life Coach to be of greater service to others. Since 1998, Michael runs "The Serenity Shack," a sober living home for men. Michael lives in Long Beach, CA. Taking his Australian Shepherd, Oreo, for her run is the favorite part of his (and her) day. **Against Paranoid Nationalism** Feb 05 2021 Socio-political thesis explores the effects of politically induced neo-liberal anxiety on White Australian society. 'White paranoia' is placed in the context of such contemporary events as the Tampa situation, border protection, mandatory detention of asylum seekers, delayed reconciliation with the Aborigines, and Pauline Hanson's One Nation Party. Promotes the notion of a 'caring society' that generates citizens who support and nurture each other. Author teaches Anthropology at the University of Sydney and has also written 'Arab-Australians Today: Citizenship and Belonging' and 'White Nation: Fantasies of White Supremacy in a Multicultural Society'.

**Losing Hope** Oct 13 2021 "In *Hopeless*, Sky left no secret unearthed, no feeling unshared and no memory forgotten, but Holder's past remains a mystery. He is haunted by the little girl he let walk away from him and he has spent his entire life searching for her. He had hoped that he would finally gain closure and be able to rid himself of his guilt the moment they were reconnected. But he could not have anticipated that the exact opposite would occur and even more guilt and regret would be thrust upon him. Sometimes in life, if we wish to move forward we must first dig deep into our past and make amends with it. In *Losing Hope*, readers will learn what was going on inside Holder's head during all those moments that left him feeling hopeless and

see whether he can perhaps gain the peace he desperately needs"--

Ladder to the Light Aug 31 2020 Darkness will not last forever. Together we can climb toward the light. They were as troubled as we, our ancestors, those who came before us, and all for the very same reasons: fear of illness, a broken heart, fights in the family, the threat of another war. Corrupt politicians walked their stage, and natural disasters appeared without warning. And yet they came through, carrying us within them, through the grief and struggle, through the personal pain and the public chaos, finding their way with love and faith, not giving in to despair but walking upright until their last step was taken. My culture does not honor the ancestors as a quaint spirituality of the past but as a living source of strength for the present. They did it and so will we. In the same voice that has comforted and challenged countless readers through his daily social media posts, Choctaw elder and Episcopal priest Steven Charleston offers words of hard-won hope, rooted in daily conversations with the Spirit and steeped in indigenous wisdom. Every day Charleston spends time in prayer. Every day he writes down what he hears from the Spirit. In Ladder to the Light he shares what he has heard with the rest of us and adds thoughtful reflection to help guide us to the light. Native America knows something about cultivating resilience and resisting darkness. For all who yearn for hope, Ladder to the Light is a book of comfort, truth, and challenge in a time of anguish and fear.

**Searching for America's Heart** Aug 11 2021 From an author who resigned from the Clinton administration: "Part

memoir and part manifesto . . . a beautifully written call to renew the fight against poverty.”?Jonathan Kozol, New York Times bestselling author of *Savage Inequalities*

Peter Edelman has worked as an aide to Robert F. Kennedy, a lawyer, a children’s advocate, and a policymaker. He has devoted his life to the cause of justice and to ending inequality. But in 1996, while serving in the Clinton administration as an expert on welfare policy and children, he found himself in an untenable position. The president signed a new welfare bill that ended a sixty-year federal commitment to poor children, and as justification invoked the words of RFK. For Edelman, Clinton’s twisting of Kennedy’s vision was deeply cynical, so in a rare gesture that sparked front-page headlines, he resigned. The nation, he believed, had been harmed. In this book, he shows that in an age of unprecedented prosperity, Americans have in many respects forsaken their fellow citizens, leaving behind a devastatingly large number of poor and near-poor, many of them children. Edelman shines a bright light on these forgotten Americans. Based in part on a firsthand look at community efforts across the country, he also proposes a bold and practical program for addressing the difficult issues of entrenched poverty, focusing on novel ways of braiding together national and local civic activism, reinvigorating our commitment to children, and building hope in our most shattered communities—creating a vision true to the legacy of Robert F. Kennedy. “Moving and insightful.” —Atlanta Journal-Constitution “I have read a lot of books on inequality, but none offers a more thoughtful vision of poverty and welfare in America . . . compelling.”?William

Julius Wilson, author of *When Work Disappears*

**Holding Onto Love** Jul 30 2020 *Holding Onto Love* blends an anguished father's heartfelt experience with advice from respected authors to offer comfort and hope to parents reeling from the death of a child. Chuck Collins' refreshing, down-to-earth writing style explores the anguish and hopelessness of child loss and exposes the myriad of emotional landmines grieving families face. The author rejects the common belief that bereaved fathers and mothers must move on or get over it to have normal lives. In contrast, Chuck offers a strategy for survival and healing that recognizes a new sense of normal and renewed purpose in life. A special chapter educates relatives and friends how to reach out to a grief-stricken family, what not to say or do, and includes a checklist of helpful suggestions. *Holding Onto Love* tackles difficult topics including spousal and sibling grief, returning to work, handling holidays, grieving through investigations, civil or criminal litigation, and shares the author's attempts for after-death communication. This candid, but gentle account finds hope through the tears and is a must read for grieving families and their loved ones.

**The Audacity of Hope** Oct 21 2019 #1 NEW YORK TIMES BESTSELLER • Barack Obama's lucid vision of America's place in the world and call for a new kind of politics that builds upon our shared understandings as Americans, based on his years in the Senate "In our lowdown, dispiriting era, Obama's talent for proposing humane, sensible solutions with uplifting, elegant prose does fill one with hope."—Michael Kazin, *The Washington Post*  
In July 2004, four years before his presidency, Barack

Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum. One phrase in particular anchored itself in listeners' minds, a reminder that for all the discord and struggle to be found in our history as a nation, we have always been guided by a dogged optimism in the future, or what Obama called "the audacity of hope." The Audacity of Hope is Barack Obama's call for a different brand of politics—a politics for those weary of bitter partisanship and alienated by the "endless clash of armies" we see in congress and on the campaign trail; a politics rooted in the faith, inclusiveness, and nobility of spirit at the heart of "our improbable experiment in democracy." He explores those forces—from the fear of losing to the perpetual need to raise money to the power of the media—that can stifle even the best-intentioned politician. He also writes, with surprising intimacy and self-deprecating humor, about settling in as a senator, seeking to balance the demands of public service and family life, and his own deepening religious commitment. At the heart of this book is Barack Obama's vision of how we can move beyond our divisions to tackle concrete problems. He examines the growing economic insecurity of American families, the racial and religious tensions within the body politic, and the transnational threats—from terrorism to pandemic—that gather beyond our shores. And he grapples with the role that faith plays in a democracy—where it is vital and where it must never intrude. Underlying his stories is a vigorous search for connection: the foundation for a radically hopeful political consensus. Only by returning to the principles that gave birth to our Constitution, Obama

says, can Americans repair a political process that is broken, and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans. Those Americans are out there, he writes—“waiting for Republicans and Democrats to catch up with them.”

*Searching for Hope: Almost Gone* Apr 19 2022 ...“HELP! HELP!” The figure at the end of the darkened tunnel screamed. A shadow in the dark. She was there but she wasn't. Sam ran as fast as he could. He had to reach her. Her pleas were the only thing guiding him. “HELP! HELP!” The voice cried again. Sam tried to shout back to assure her he was coming but no words would come. Instead, a slow rattled breath escaped him... *Almost Gone* is the second part of the *Searching for Hope* series. Sam is alone again as Ailsa follows her own path and he believes he has finally found a way to find his daughter but a new enemy looms on the horizon and also within himself. His dreams are haunted. His reality is haunted. He has been changed into something new and he is not the only one.

*Searching for Hope: It All Ends* May 20 2022 ...Lastly the eyes changed. The dark red shadow that lined the sockets disappeared and the red mist that glazed the pearly white balls vanished returning the colour to them. The man had green eyes Ailsa noted before newly formed eyelids closed over them and where only moments ago lay one of the creatures now lay a man atop a bed of his own ash... *It All Ends* is the third and final part of the *Searching for Hope* series. Ten years has passed since Sam was lost and Ailsa believes she has finally found a place to live in peace without

fear but nothing lasts forever. The creatures are still hunting. The humans are still losing. A cure is the only answer.

**I Thought I'd Be Done by Now** Jan 04 2021 A series of insightful essays to help mothers of adult children deal with difficult issues.

*Citizen Scientist* Apr 07 2021 A San Francisco Chronicle Best Book of the Year: “Intelligent and impassioned, *Citizen Scientist* is essential reading for anyone interested in the natural world.” A Nautilus Award Winner in Ecology and Environment Award-winning writer Mary Ellen Hannibal has long reported on scientists’ efforts to protect vanishing species. But it was only through citizen science that she found she could take action herself. As she wades into tide pools, spots hawks, and scours mountains, she discovers the power of the heroic volunteers who are helping scientists measure—and even slow—today’s unprecedented mass extinction. Citizen science may be the future of large-scale field research—and “might be our last, best hope for solving myriad environmental predicaments” (*Library Journal*). our planet’s last, best hope. “Inspired by the likes of marine biologist Ed Ricketts, [Hannibal] records starfish die-offs, meets the geeks who track deforestation, and plans a web-based supercommunity of citizen scientists to counter what many are calling the sixth great extinction. A cogent call to action.” —*Nature* “Hannibal’s use of details verges on the sublime.” —*East Hampton Star* “[A] celebration of nonexperts’ contributions to science.” —*Scientific American*

*Hope Endures* May 08 2021 Shares the story of a former nun from the order of Mother Teresa's Missionaries of Charity, the traumatic circumstances that prompted her to leave the

**Dare We Speak of Hope?** Jul 10 2021 The phrase "hopeful politics" has dominated our public discourse in connection with the inspiring rise of Nelson Mandela in South Africa and the remarkable election of Barack Obama as president of the United States. But what happens when that hope disappoints? Can it be salvaged? What is the relationship between faith, hope, and politics? In this book Allan Boesak meditates on what it really means to hope in light of present political realities and growing human pain. He argues that hope comes to life only when we truly face reality in the struggle for justice, dignity, and the life of the earth. **Dare We Speak of Hope?** is a critical, provocative, prophetic -- and, above all, hopeful -- book.

Portraits of Peace Dec 15 2021 Frustrated with an increasingly polarized society, award-winning photographer John Noltner set out on a road trip across the US to rediscover the common humanity that connects us by asking people the simple question What does peace mean to you?

**Searching for Hope** Sep 24 2022 Searching for Hope is set in a post-apocalyptic world that has been consumed by creatures of an undead and vampire like state. These monsters drain the body of everything leaving an empty shell for the change to take effect and turn the victim into one of them. It follows the travels of Sam and Ailsa as they scour the country in search of food, shelter, aid and Hope. Two very different individuals whose personal journeys bring them together at crucial points in their lives changing not only them, but the whole world.

**Out of a Far Country** Jun 09 2021 Over 100,000 copies sold! Coming Out, Then Coming Home Christopher Yuan, the son of Chinese immigrants, discovered at an early age that he was different. He was attracted to other boys. As he grew into adulthood, his mother, Angela, hoped to control the situation. Instead, she found that her son and her life were spiraling out of control—and her own personal demons were determined to defeat her. Years of heartbreak, confusion, and prayer followed before the Yuans found a place of complete

surrender, which is God's desire for all families. Their amazing story, told from the perspectives of both mother and son, offers hope for anyone affected by homosexuality. God calls all who are lost to come home to him. Casting a compelling vision for holy sexuality, *Out of a Far Country* speaks to prodigals, parents of prodigals, and those wanting to minister to the gay community. "But while he was still a long way off, his father saw him and felt compassion, and ran and embraced him and kissed him." - Luke 15:20  
Includes a discussion guide for personal reflection and group use.

*Searching for Meaning* Nov 14 2021

Searching for Connection Nov 02 2020 A study of survival at the edge of human experience, this book documents cases of extreme trauma and the factors that have allowed people to survive against all odds. The author argues that a sense of connection and of the interdependence of all things often gives people the extra strength they need to endure traumatic circumstances. Drawing on a wide range of personal examples and narratives by other authors, the book culminates with a consideration of how personal patterns of

trauma and survival are also applicable to collective trauma and the survival of the world.

**Searching for the Pattern** Mar 26 2020 MOVING FROM A "BLUEPRINT HERMENEUTIC" TO A THEOLOGICAL ONE In this book, John Mark Hicks tells the story of his own hermeneutical journey in reading the Bible. Lovingly and graciously, he describes his transition from a "blueprint hermeneutic" to a theological one. Some suggest that moving away from a patternistic command-example-and-necessary-inference approach for understanding what God requires leaves no other alternative, or at least none that both respects biblical authority and seeks to obey the gospel of Jesus the Messiah. In Searching for the Pattern, John Mark offers just

such an alternative. His theological hermeneutic is deeply rooted in the way the Bible presents itself as a dramatic history of God's plan to redeem the world as well as his own experience of growing up among Churches of Christ. Seeing the gospel of Jesus as the center of the biblical drama reorients us to what provides our Christian identity and unites us as disciples of Jesus. \*\*\*\*\* I pray this book is received with open hearts and open minds because I believe this work could go a long way in helping to bring unity to our fractured fellowship. --Wes McAdams, Preaching Minister for the church of Christ on McDermott Road, Plano, Texas This excellent book helps us understand the inner workings of Bible interpretation among Churches of Christ and provides a persuasive proposal for Bible interpretation that is built on the story of God we find in Scripture--a story into which God calls us. --James L. Gorman, Associate Professor of History, Johnson University Knoxville, Tennessee Finally, a trellis across the chasm! Throughout this book, Hicks does not compromise his high regard for both the church and the Scriptures; and through the grace found therein, he composes this urgent invitation back to the Table, where obedience cooperates with mystery, and we--estranged or conflicted--can find our place as one within God's magnificent story. --Tiffany Mangan Dahlman, Minister at Courtyard Church of Christ, Fayetteville, North Carolina John Mark Hicks is Professor of Theology at Lipscomb University in Nashville, Tennessee. He has taught for thirty-eight years in schools associated with the Churches of Christ. He has published fifteen books and lectured in twenty countries and forty states and is married to Jennifer.

They share six children and six grandchildren.

*Searching for Hope: Chaos Then Ruin* Mar 18 2022 “...If there is anyone still alive out there then you must head for Edinburgh. We have a well-equipped army base. We have weapons. We have food, water and shelter. There is strength and safety in numbers. We must stand together...” *Chaos Then Ruin* is the first part of the *Searching for Hope* series. It follows the travels of Sam and Ailsa in a post apocalyptic world where the world has become over run by a new breed of undead creatures unlike any seen before. Creatures that hunt day and night. To show your face brings death. To make noise brings death. To breathe brings death.

Atmosphere of Hope Jan 16 2022 A decade ago, Tim Flannery's #1 international bestseller, *The Weather Makers*, was one of the first books to break the topic of climate change out into the general conversation. Today, Earth's climate system is fast approaching a crisis. Political

leadership has not kept up, and public engagement with the issue of climate change has declined. Opinion is divided between technological optimists and pessimists who feel that catastrophe is inevitable. The publication of this new book is timed for the lead-up to the Climate Change Conference in Paris in December 2015, which aims to achieve a legally binding and universal agreement on climate from all the nations in the world. This book anticipates and will influence the debates. Time is running out, but catastrophe is not inevitable. Around the world people are now living with the consequences of an altered climate—with intensified and more frequent storms, wildfires, droughts and floods. For some it's already a question of survival. Drawing on the latest science, Flannery gives a snapshot of the trouble we are in and more crucially, proposes a new way forward, including rapidly progressing clean technologies and a “third way” of soft geo-engineering. Tim Flannery, with his inimitable style, makes this urgent issue compelling and accessible. This is a must-read for anyone interested in our global future.

*Chasing My Cure* Oct 01 2020 LOS ANGELES TIMES

AND PUBLISHERS WEEKLY BESTSELLER • The

powerful memoir of a young doctor and former college athlete diagnosed with a rare disease who spearheaded the search for a cure—and became a champion for a new approach to medical research. “A wonderful and moving chronicle of a doctor’s relentless pursuit, this book serves both patients and physicians in demystifying the science that lies behind medicine.”—Siddhartha Mukherjee, New York Times bestselling author of *The Emperor of All Maladies*

and The Gene David Fajgenbaum, a former Georgetown quarterback, was nicknamed the Beast in medical school, where he was also known for his unmatched mental stamina. But things changed dramatically when he began suffering from inexplicable fatigue. In a matter of weeks, his organs were failing and he was read his last rites. Doctors were baffled by his condition, which they had yet to even diagnose. Floating in and out of consciousness, Fajgenbaum prayed for a second chance, the equivalent of a dramatic play to second the game into overtime. Miraculously, Fajgenbaum survived—only to endure repeated near-death relapses from what would eventually be identified as a form of Castleman disease, an extremely deadly and rare condition that acts like a cross between cancer and an autoimmune disorder. When he relapsed while on the only drug in development and realized that the medical community was unlikely to make progress in time to save his life, Fajgenbaum turned his desperate hope for a cure into concrete action: Between hospitalizations he studied his own charts and tested his own blood samples, looking for clues that could unlock a new treatment. With the help of family, friends, and mentors, he also reached out to other Castleman disease patients and physicians, and eventually came up with an ambitious plan to crowdsource the most promising research questions and recruit world-class researchers to tackle them. Instead of waiting for the scientific stars to align, he would attempt to align them himself. More than five years later and now married to his college sweetheart, Fajgenbaum has seen his hard work pay off: A treatment he identified has induced a tentative remission and his novel approach to collaborative

scientific inquiry has become a blueprint for advancing rare disease research. His incredible story demonstrates the potency of hope, and what can happen when the forces of determination, love, family, faith, and serendipity collide. Praise for *Chasing My Cure* “A page-turning chronicle of living, nearly dying, and discovering what it really means to be invincible in hope.”—Angela Duckworth, #1 New York Times bestselling author of *Grit* “[A] remarkable memoir . . . Fajgenbaum writes lucidly and movingly . . . Fajgenbaum’s stirring account of his illness will inspire readers.”—Publishers Weekly

**Searching for Hope** Nov 26 2022 *Searching for Hope* is a fictional story. You will meet Julia Christianson, mother of three and a teacher, who feels the pain of tragedy and the brokenness of loss. Julia must find an inner power to survive. The families depicted experience realities that they never could have predicted. Their unconditional love is tested, and they must find the power of forgiveness. Much is also learned about the invisible population of the incarcerated, and the empowerment that can be found within their community. The intent of telling this story is to give glory to God and His saving grace, to help give hope to the incarcerated, and to recognize Alcoholics Anonymous for the healing it can provide.

**Searching for Home** Dec 23 2019 Deep down it's easy to believe that the better job, the nicer house, or the more dynamic church will finally make us feel "at home." In *Searching for Home*, M. Craig Barnes challenges this belief. He reminds us that paradise is lost and we can't go home again. Our great comfort and hope, however, is that we are

never lost to God. Seasoned by more than twenty years as a pastor, Barnes discusses the importance of confession, worship, and grace in our search for home. He offers advice about how we can move from being transient nomads "too frightened to be grateful" to pilgrims who are at home with God, guided by our pleasure in him. This book was written for both Christians and seekers who are still looking for a sense of belonging or "home." It will be a useful tool for pastors, adult Sunday school groups, and counselors of all kinds who are advising pilgrims along the way.

*The Book of Hopes* Aug 19 2019 In difficult times, what children really need is hope. This collection, packed with short stories, poems, essays and pictures from the very best children's authors and illustrators, aims to provide just that. Within its pages you'll find animal friends from insects to elephants, high-flying grandmas, a homesick sprite, the tooth fairy, and even extra-terrestrial life. This new edition has 133 contributions from children's authors and illustrators, including Lauren Child, Anthony Horowitz, Catherine Johnson, Michael Morpurgo, Onjali Q. Raúf, Axel Scheffler and Jacqueline Wilson. A donation from every sale will go to NHS Charities Together, in gratitude for the incredible efforts of all those who worked in hospitals over the quarantine period. The following proceeds from this ebook will be donated to NHS Charities Together: 35% of publisher's net receipts or at least £1.00 per copy. NHS Charities Together is a charity registered in England and Wales (registered charity no. 1186569)
