From USA TODAY Bestseller, Karpov Kinrade, comes another epic tale in The Nightfall Chronicles. I am the Princess of Ravens, but soon I shall be Queen. I am the keeper of songs for my people, but soon I must sing the song of the dead for my brother. I am the world looks to, but I am also what they fear. They just don't know it yet. My enemies play a dangerous game. And soon they will regret their dance with the Raven. \*This is a novel from the point of view of Princess Corinne. Two missing girls. Thirteen years apart. An intense psychological thriller for readers of I Am Watching You, The Luckiest Girl Alive, and All the Missing Girls. Olivia Shaw has been missing since last Tuesday. She was last seen outside the entrance of her elementary school in Hunts Point wearing a white spring jacket, blue jeans, and pink boots. I force myself to look at the face in the photo into her slightly smudged features, and I can't bring myself to move. Olivia Shaw could be my mirror image, rewound to thirteen years ago. If you have any knowledge of Olivia Shaw's whereabouts or any relevant information, please contact... I've spent a long time peering into the faces of girls on missing posters, wondering which one replaced me in the basement. But they were never quite the right age, the right look, the right circumstances. Until Olivia Shaw, missing for one week tomorrow. Whoever stole me was never found. But since I was taken, there hasn't been another girl. And now there is. Set Me as a Seal Upon Thy Heart: Constructions of Female Sanctity in Late Antiquity, the Middle Ages, and the Early Modern Period is a collection of essays focusing on saintly women's representations both in Eastern and Western Christianity starting from Late Antiquity through the High Middle Ages and Early Modernity. The volume discusses two different categories in relation to the conceptualization of female sanctity: the context of their construction, hagiographic sources and the emergent power rendered by their martyrdoms. It offers

transdisciplinary perspective on the present research carried out in the fields of hagiography, history, and art history. In the years following the Napoleonic Wars, a mysterious manuscript began to circulate among the dissatisfied noble elite of the Russian Empire. Entitled 'The History of the Rus', it became one of the most influential historical texts of the modern era. Attributed to an eighteenth-century Orthodox archbishop, it described the heroic struggles of the Ukrainian Cossacks. Alexander Pushkin read the book as a manifestation of Russian national spirit, but Taras Shevchenko interpreted it as a quest for Ukrainian national liberation, and it would inspire thousands of Ukrainians to fight for the freedom of their homeland. Serhii Plokhyy tells the fascinating story of the text's discovery and dissemination, unravelling the mystery of its authorship and tracing its subsequent impact on Russian and Ukrainian historical and literary imagination. In so doing he brilliantly illuminates the relationship between history, myth, empire and nationhood from Napoleonic times to the fall of the Soviet Union. Mikhail Tal, the 'magician from Riga,' was the greatest attacking World Champion of them all, and this enchanting autobiography chronicles his extraordinary career with charm and humor. Dazzling games are interspersed throughout with anecdotes and witty self-interviews, in typically objective fashion he related both the downs and ups of his encounters. An inveterate smoker and drinker, Tal's life on the circuit was punctuated by bouts in the hospital with kidney problems, but nothing could dull his love for chess and his sheer genius on the chessboard. His illustrious tournament record, up to his death in 1992, is included here in full, along with 100 complete games and nearly as many positions. Tal's annotations in this book are a world apart from ordinary games collections. No reader could fail to be swept along by his passion and vitality as he sets the scene for an encounter and then recounts every psychological twist and turn. The Queen's Gambit Declined is one of the central pillars of chess opening theory. Virtually every world champion has played the opening with both the white and black pieces and it is a great favorite at all levels of chess. The reason for its enduring popularity is that it is rich in the classic strategic themes. Either side can end up with an isolated d-pawn, White can pursue a queenside initiative while Black counters on the other wing or White can attempt to build a powerful centre that Black hopes to undermine. The Move by Move series provides an ideal format for the keen chessplayer to improve their game. While reading you are continually challenged to answer probing questions – a method that greatly encourages the learning and practising of vital skills just as much as the traditional assimilation of chess knowledge. Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn. This is an excellent way to study chess while providing the best possible chance to retain what has been learnt. \* Everything you need to know about the Queen's Gambit Declined . \* The Q and A approach emphasizes plans and strategies. \* Written by an expert on the opening. I am your worst nightmare and your best friend. I am the keeper of secrets and the teller of lies. I thought revenge was my only motive. I was wrong. seen. There's just one complication. A mysterious stranger who is too sexy for his- or her own good, and who is making it impossible to stay invisible. He's given me a way into the ball, but he might be the reason I can't get out. By the time the clocks strike midnight, the kingdom of Zyndale will be forever changed, and so will my life. I've spent my life in shades of grey. It wasn't until I died that my world filled with color. That night, I still lived in black and white. There was a full moon. Full and looking as if it had been rolled in powdered sugar then plopped back into the sky, so that a white dusting shone around it like a halo. I've never believed in monsters, or any of that nonsense. Never believed that the dark could be scary. Until that night. Now I know the truth, but it is shrouded with lies. Now I can see the world in color, but it is covered in shadows. Now, I must find the monster that killed my parents. And when I do, I will use my new powers to seek vengeance. A life for the lives that beast stole from me. I am no longer just Scarlett N. the color-blind girl who dreams of flying. Now, I am Nightfall--a fallen angel with a lust for blood. And I shall have my revenge.

The book presents various political and economic aspects of the Black Sea region during the 14th-16th centuries. The book received the Emme Award for Astronautical Literature at the March 20 2000 luncheon of the Goddard Memorial Symposium, sponsored by the American Astronautical Society. Named in honor of the first NASA Historian, Eugene Emme, the Emme award was created in 1982 to annually recognize an outstanding book that increases public understanding of the past and potential impact of the field of astronautics.

Brilliant Chess, Brilliant Essays, Brilliant Writer Dutch Grandmaster Hans Ree is considered by many to be the best chess writer in the world today. As noted by the Dutch newspaper *Algemeen Dagblad*, reviewing the original Dutch edition, "This is more than a book about chess politics or leaders in the chess world. It is above all a declaration of love for the game, with an elegant collection of odes to the greater and lesser personalities that evolve around the 64 squares. Ree personally knows many of the people he writes about. That leads to beautiful and striking portraits." In almost sixty separate essays, in seven categories (World Champions, Politics, In Memoriam, History, The Endgame, Matches & Tournaments and Miscellanea), Ree touches on chess matters near and dear to the hearts of chessplayers worldwide. This book, published in 1999, still retains its relevance, insight and its edge, more than a decade after being released.

Using Greek, Arabic, Persian and Ottoman sources, 'Byzantium and the Turks in the Thirteenth Century' presents a new interpretation of the Nicaean Empire and highlights the evidence for its wealth and power. It explains the importance of the relationship between the Byzantines and the Seljuks and the Mongols, revealing how the Byzantines adapted to the new and complex situation that emerged in the second half of the thirteenth century.

Funny story. While traveling for the winter during my last year of grad school, a Ukrainian friend convinced me to join them in their homeland for a few days. It seemed like a good idea at the time. Only our plane crashed and I woke up here, in a village that is a throwback to the Dark Ages, with no electricity, no Wi-Fi and a strong superstition in gods and human sacrifices. Yay me. I mean, I'm all about the authentic local experience when traveling, but this is a little too authentic. I'm expecting to die from the cold. Not some made-up god monster. But then he walks out of the shadows, and an entirely

different fear seizes me. Lust and terror war within me as I'm taken captive by something so much more than a man. A vampire. Straight from the legends. And he needs my blood to survive. But he's chosen to spare me. Unfortunately, I'm not sure either of us will survive the winter. Because something is hunting the people of this mysterious village. Something even a vampire fears. And we may be its next victims. From USA TODAY bestselling author "Throne of Glass meets Game of Thrones" My mum used to say, "One day, your true self will be revealed. And on that day, your closest friends will turn against you." My name is Sky Knightly. I had an ordinary life. My work as a firefighter. My kids. Rinse and Repeat. Until someone kidnapped my little girl. Kara. I'll do anything to get her back. So when a mysterious stranger offers me a way to find her, I have no choice but to agree. Even though it means leaving everything behind. Even though it means traveling to a new world. Now, I must train to be an Ashlord, and fight in a war greater than any before. A war between humanity... and dragons. If I trust the wrong person, I'm dead. If I love the wrong person, I'm dead. And if I die, who will save Kara? If I die, who will save the world? The dragons are coming. Are you ready? In this sequel to the New York Times bestseller *99 Days*, perfect for fans of Jenny Han and Morgan Matson, Molly Barlow finds herself in Europe on her summer vacation, desperately trying to forget everything that happened a year ago. But over the course of nine days and nine nights, her whole life will be turned upside down once more. . . . Molly Barlow isn't that girl anymore. A business major at a college in Boston, she's reinvented herself after everything that went down a year ago. After all the people she hurt and the family she tore apart. Slowly, life is getting back to normal. Molly has just said I love you to her new boyfriend, Ian, and they are off on a romantic European vacation together, starting with scenic London. But there on a tube platform, the past catches up to her in the form of Gabe, her ex, traveling on his own parallel vacation with new girlfriend Sadie. After comparing itineraries, Ian ends up extending an invite for Gabe and Sadie to join them on the next leg of their trip, to Ireland. And Molly and Gabe can't bring themselves to tell the truth about who they once were to each other to their new significant others. Now Molly has to spend 9 days and 9 nights with the boy she once loved, the boy whose heart she shredded, without Ian knowing. Will she make it through as new and improved Molly, or will everything that happened between her and Gabe come rushing back? The Routledge Handbook of the Mongols and Central and Eastern Europe offers a comprehensive overview of the Mongols' military, political, social, economic and cultural relations with Central and Eastern European nations between the thirteenth and fifteenth centuries. The Mongol Empire was the largest contiguous land empire in history, and one which contributed to the establishment of political, commercial and cultural contacts between all Eurasian regions. The Golden Horde, founded in Eastern Europe by Chinggis Khan's grandson, Batu, in the thirteenth century, was the dominant power in the region. For two hundred years, all of the countries and peoples of Central and Eastern Europe had to reckon with a powerful centralized state with enormous military potential. Some chose to submit to the Mongols whilst others defended their independence, but none could avoid the influence of this powerful empire. In this book, twenty-five chapters examine this crucial period in Central-Eastern European history, including trade

confrontation, and cultural and religious exchange between the Mongols and their neighbours. This book will be an essential reference for scholars and students of the Mongols, as well those interested in the political, social and economic history of medieval Central-Eastern Europe. grandfather died and I returned to take over the family business, I discovered a much more extraordinary world waiting for me. Vampires, werewolves and fae are real. And they want my baby. My daughter is meant to fulfill some crazy prophecy related to the end of magical creatures, but I'm having none of that. Now, since I can't get rid of them, the Sexies who walked into my bar that fateful, stormy night, work for me. They can change diapers and serve drinks while I get a handle on not only being a new single mom, but the center of a race war between creatures I previously believed were myths. I didn't expect any of this. Not the Sexies. Not the single motherhood. And certainly not the chemistry I feel with each of them. But we don't have time for raging postpartum hormones. Because they aren't the only ones after my child, and keeping her safe is proving a more dangerous job than the *What to Expect* Books ever prepared me for. A USA TODAY BESTSELLER!

A historical novel inspired by true events, Kelli Estes's brilliant and atmospheric debut is a poignant tale of two women determined to do the right thing and the power of our oral stories. The smallest items can hold centuries of secrets... Inara Erickson is exploring her deceased aunt's island estate when she finds an elaborately stitched piece of fabric hidden in the house. As she peels back layer upon layer of the secrets it holds, Inara's life becomes interwoven with that of Mei Lein, a young Chinese girl mysteriously driven from her home a century before. Through the stories Mei Lein tells in silk, Inara uncovers a tragic truth that will shake her family to its core—and force her to make an impossible choice. A touching and tender book for fans of Marie Benedict, Susanna Kearsley, and Duncan Jepson.

Sixteen-year-old Cara Lange has always been a loner, even more so since she moved away from her best and only friend, Zoe, a few years ago. Cara mostly spends her time avoiding the popular girls who call her 'choker' after a humiliating incident in the cafeteria, and watching Ethan Gray from a distance, wishing he would finally notice her. Then one day Cara comes home and finds Zoe waiting for her. Zoe's on the run from problems at home, and Cara agrees to help her hide. With Zoe back, Cara's life changes overnight. Zoe gives her a new look and new confidence, and before she can blink, Cara is flirting with Ethan and getting invited to parties. And best of all, she has her best friend confide in again. But just as quickly as Cara's life came together, it starts to unravel. A girl goes missing in her town, and everyone is a suspect ~ including Ethan. Worse still, Zoe starts behaving very strangely, and Cara begins to wonder what exactly her friend does every day when she's at school. You're supposed to be able to trust your best friend no matter what, but what if she turns into a total stranger? A YA romance—with a sparkling commercial voice and a dash of science—that explores a relationship over six years. The moment Spencer meets Hope the summer before seventh grade, it's something at first sight. The pair become fast friends, climbing trees and planning world travels. After years of being outshone by his older brother and teased because of his Tourette syndrome, Spencer finally feels like he belongs. But as Hope and Spencer get older and life gets messier, the clear label of "friend" gets messier, too. Through sibling feuds and family tragedies, new relationships and broken hearts, the two grow together and apart, and Spencer, an aspiring scientist, tries to map it all out using his trusty system of taxonomy. He wants to identify and classify their relationship, but in the end, he finds that life

doesn't always fit into easy-to-manage boxes, and it's this messy complexity that makes life so rich and beautiful. On September 10, 1984, Anatoly Karpov and Garry Kasparov appeared on the stage of the Hall of Columns in Moscow for the first game of their match for the World Chess Championship. The clash between the reigning champion and his brazen young challenger was highly anticipated, but no one could have foreseen what was in store. In the next six years they would play five matches for the highest title and create one of the fiercest rivalries in sports history. The matches lasted a staggering total of 11 months, and the 'two K's' played 5540 moves in 144 games. The first match became front-page news worldwide when after five months FIDE President Florencio Campomanes stepped in to stop the match citing exhaustion of both participants. A new match was staged and having learned valuable lessons, 22-year-old Garry Kasparov became the youngest World Chess Champion in history. His win was not only hailed as a triumph of imaginative attacking chess, but also as a political victory. The representative of 'perestroika' had beaten the old champion, a symbol of Soviet stagnation. Kasparov defended his title in three more matches, all of them full of drama. Karpov remained a formidable opponent and the overall score was only 73-71 in Kasparov's favour. In *The Longest Game* Jan Timman returns to the Kasparov-Karpov matches. He chronicles the many twists and turns of this fascinating saga, including his behind-the-scenes impressions and takes a fresh look at the games. A 2015 Whitney Award Nominee! A powerful story of loss, second chances, and first love, reminiscent of Sarah Dessen and John Green. When Oakley Nelson loses her older brother, Lucas, to cancer, she thinks she'll never recover. Between her parents' arguing and the battle she's fighting with depression, she feels nothing inside but a hollow emptiness. When Mom suggests they spend a few months in California with Aunt Jo, Oakley isn't sure a change of scenery will alter anything, but she's willing to give it a try. In California, Oakley discovers a sort of safety and freedom at Aunt Jo's beach house. Once they're settled, Mom hands her a notebook full of letters addressed to her—from Lucas. As Oakley reads one each day, she realizes how much he loved her, and each letter challenges her to be better and to continue to enjoy her life. Mom wants her to move on. If only it were that easy. But then a surfer named Carson comes into her life, and Oakley is blindsided. He makes her feel again. As she lets him in, she is surprised by how much she cares for him, and that's when things get complicated. How can she fall in love and be happy when Lucas never got the chance to do those very same things? With her brother's dying words as guidance, Oakley knows she must learn to listen and trust again. But will she have to leave the past behind to find happiness in the future? Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and more.
