The Subtle Art of Not Giving a Fk** Nov 02 2020 #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. *The Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary,

there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.

How the Mighty Fall Apr 19 2022 Decline can be avoided. Decline can be detected. Decline can be reversed. Amidst the desolate landscape of fallen great companies, Jim Collins began to wonder: How do the mighty fall? Can decline be detected early and avoided? How far can a company fall before the path toward doom becomes inevitable and unshakable? How can companies reverse course? In *How the Mighty Fall*, Collins confronts these questions, offering leaders the well-founded hope that they can learn how to stave off decline and, if they find themselves falling, reverse their course. Collins' research project—more than four years in duration—uncovered five step-wise stages of decline: Stage 1: Hubris Born of Success Stage 2: Undisciplined Pursuit of More Stage 3: Denial of Risk and Peril Stage 4: Grasping for Salvation Stage 5: Capitulation to Irrelevance or Death By understanding these stages of decline, leaders can substantially reduce their chances of falling all the way to the bottom. Great companies can stumble, badly, and recover. Every institution, no matter how great, is vulnerable to decline. There is no law of nature that the most powerful will inevitably remain at the top. Anyone can fall and most eventually do. But, as Collins' research emphasizes, some companies do indeed recover—in some cases, coming back even stronger—even after having crashed into the depths of Stage 4. Decline, it turns out, is largely self-inflicted, and the path to recovery lies largely within our own hands. We are not imprisoned by our circumstances, our history, or even our staggering defeats along the way. As long as we never get entirely knocked out of the game, hope always remains. The mighty can fall, but they can often rise again.

Zane and the Hurricane Oct 25 2022 Newbery Honor author Rodman Philbrick presents a gripping yet poignant novel about a 12-year-old boy and his dog who become trapped in New Orleans during the horrors of Hurricane Katrina. Yonder Mar 06 2021 The Water Dancer meets The Prophets in this spare, gripping, and beautifully rendered novel exploring love and friendship among a group of enslaved Black strivers in the mid-19th century. They call themselves the Stolen. Their owners call them captives. They are taught their captors' tongues and their beliefs but they have a language and rituals all their own. In a world that would be allegorical if it weren't saturated in harsh truths, Cato and William meet at Placid Hall, a plantation in an unspecified part of the American South. Subject to the whims of their tyrannical and eccentric captor, Cannonball Greene, they never know what harm may befall them: inhumane physical toil in the plantation's quarry by day, a beating by night, or the sale of a loved one at any moment. It's that cruel practice—the wanton destruction of love, the belief that Black people aren't even capable of loving—that hurts the most. It hurts the reserved and stubborn William, who finds himself falling for Margaret, a small but mighty woman with self-possession beyond her years. And it hurts Cato, whose first love, Iris, was sold off with no forewarning. He now finds solace in his hearty band of friends, including William, who is like a brother; Margaret; Little Zander; and Milton, a gifted artist. There is also Pandora, with thick braids and long limbs, whose beauty calls to him. Their relationships begin to fray when a visiting minister with a mysterious past starts to fill their heads with ideas about independence. He tells them that with freedom comes the right to choose the small things—when to dine, when to begin and end work—as well as the big things, such as whom and how to love. Do they follow the preacher and pursue the unknown? Confined in a landscape marked by deceit and uncertainty, who can they trust? In an elegant work of monumental imagination that will reorient how we think of the legacy of America's shameful past, Jabari Asim presents a beautiful, powerful, and elegiac novel that examines intimacy and longing in the quarters while asking a vital question: What would happen if an enslaved person risked everything for love?
