*Encyclopedia of Bilingual Education Oct 24 2019 "With articles on Spanglish and Spanish loan words in English as well as Southeast Asian refugees and World Englishes, this encyclopedia has a broad scope that will make it useful in academic and large public libraries serving those involved in teaching and learning in multiple languages. Also available as an ebook." – Booklist*

*The simplest definition of bilingual education is the use of two languages in the teaching of curriculum content in K-12 schools. There is an important difference to keep in mind between bilingual education and the study of foreign languages as school subjects: In bilingual education, two languages are used for instruction, and the goal is academic success in and through the two languages. The traditional model of foreign-language study places the emphasis*

on the acquisition of the languages themselves. The field of bilingual education is dynamic and even controversial. The two volumes of this comprehensive, first-stop reference work collect and synthesize the knowledge base that has been well researched and accepted in the United States and abroad while also taking note of how this topic affects schools, research centers, legislative bodies, advocacy organizations, and families. The Encyclopedia of Bilingual Education is embedded in several disciplines, including applied linguistics, politics, civil rights, historical events, and of course, classroom instruction. This work is a compendium of information on bilingual education and related topics in the United States with select international contributors providing global insight onto the field. Key Features Explores in a comprehensive, non-technical way the intricacies of this subject from multiple perspectives: its history, policy, classroom practice, instructional design, and research bases Shows connections

*between bilingual education and related subjects, such as linguistics, education equity issues, socio-cultural diversity, and the nature of demographic change in the United States Documents the history of bilingual education in the last half of the 20th century and summarizes its roots in earlier periods Discusses important legislation and litigation documents Key Themes · Family, Community, and Society · History · Instructional Design · Languages and Linguistics · People and Organizations · Policy Evolution · Social Science Perspectives · Teaching and Learning The Encyclopedia of Bilingual Education is a valuable resource for those who wish to understand the polemics associated with this field as well as its technical details. This will be an excellent addition to any academic library.*

*Expert Jun 12 2021 PTE Academic is accepted by thousands of academic programs worldwide, including prestigious institutions such as Harvard Business School, INSEAD and Yale University. PTE Academic is also accepted by the UK and Australian governments for visa*

applications. The Expert series provides rigorous exam training for high-achieving students while continuing to develop language awareness and communication skills. Grammar and Beyond Level 2 Student's Book A Oct 29 2022 "A research-based ... grammar series for beginning- to advanced-level students of North American English. The series focuses on the grammar structures most commonly used in North

*American English, with an emphasis on the application of the grammar structures to academic writing. ... It is designed for use both in the classroom and as a self-study learning tool"--Introduction.*

*Academic Writing and Plagiarism Nov 25 2019 Plagiarism has long been regarded with concern by the university community as a serious act of wrongdoing threatening core academic values. There has been a perceived increase in plagiarism over recent years, due in part to issues raised by the new media, a diverse student population and the rise in English as a lingua franca. This book examines plagiarism, the inappropriate relationship between a text and its sources, from a linguistic perspective. Diane Pecorari brings recent linguistic research to bear on plagiarism, including processes of first and second language writers; interplay between reading and writing; writer's identity and voice; and the expectations of the academic discourse community. Using empirical data drawn from a large sample of student writing, compared against written sources, Academic*

*Writing and Plagiarism* argues that some plagiarism, in this linguistic context, can be regarded as a failure of pedagogy rather than a deliberate attempt to transgress. The book examines the implications of this gap between the institutions' expectations of the students, student performance and institutional awareness, and suggests pedagogic solutions to be implemented at student, tutor and institutional levels. *Academic Writing and Plagiarism* is a cutting-edge research monograph which will be essential reading for researchers in applied linguistics.

*Connecting Content and Academic Language for English Learners and Struggling Students, Grades 2-6* Dec 07 2020 In this supremely practical book, award-winning principal Ruth Swinney and college professor Patricia Velasco focus on the careful planning needed to develop the academic language of all students. For English learners especially, it is critically important to integrate language development with the content that the curriculum demands. What makes this book

unlike any other is the detailed guidance it provides to: help students advance from social to academic language; encourage verbal expression in the classroom; plan language arts, social studies, and science lessons that connect language and content; and use shared reading and writing, read alouds, and conversation to teach language skills. Hands-on tools include graphic organizers, sample lesson plans, concept maps, semantic webbing, word walls, and worksheets, and everything teachers need to help emergent bilingual and struggling students master the academic language they need to excel in school.

*English-Medium Instruction at Universities Feb 18 2022 This book provides critical insights into the English-medium instruction (EMI) experiences which have been implemented at a number of universities in countries such as China, Finland, Israel, the Netherlands, South Africa, Spain and the USA, which are characterised by differing political, cultural and sociolinguistic situations. In particular, it reflects on the consequences of implementing EMI as an attempt to gain visibility and as a strategy in response to the need to become competitive in both national and international markets. The pitfalls and challenges specific to each setting are analysed, and the pedagogical issues and*

methodological implications that arise from the implementation of these programmes are also discussed. This volume will serve to advance our awareness about the strategies and tools needed to improve EMI at tertiary level.

*Learning a New Land* Aug 03 2020 One child in five in America is the child of immigrants, and their numbers increase each year. Based on an extraordinary interdisciplinary study that followed 400 newly arrived children from the Caribbean, China, Central America, and Mexico for five years, this book provides a compelling account of the lives, dreams, academic journeys, and frustrations of these youngest immigrants.

*Academic Governance in the Contemporary University* Aug 27 2022 This book addresses three central questions in contemporary university governance: (1) How and why has academic governance in Anglophone nations changed in recent years and what impact have these changes had on current practices? (2) How do power relations within universities affect decisions about teaching and research and what are the

*implications for academic voices? (3) How can those involved in university governance and management improve academic governance processes and outcomes and why is it important that they do so? The book explores these issues in clear, concise and accessible language that will appeal to higher education researchers and governance practitioners alike. It draws on extensive empirical data from key national systems in the Anglophone world but goes beyond the simply descriptive to analyse and explain.*

Useful at every stage of an academic career and beyond, this indispensable book features: different styles and formats from CVs and letters to formal essays a focus on accuracy coverage of all stages of writing, from understanding titles to checking your work essential academic writing skills such as

*proper referencing, summarising and paraphrasing diagrams and practice exercises, complete with answers.*

*The Routledge Handbook of English Language and Digital Humanities Nov 17 2021 The Routledge Handbook of English Language and Digital Humanities serves as a reference point for key developments related to the ways in which the digital turn has shaped the study of the English language and of how the resulting methodological approaches have permeated other disciplines. It draws on modern linguistics and discourse analysis for its analytical methods and applies these approaches to the exploration and theorisation of issues within the humanities. Divided into three sections, this handbook covers: sources and corpora; analytical approaches; English language at the interface with other areas of research in the digital humanities. In covering these areas, more traditional approaches and methodologies in the humanities are recast and research challenges are re-framed through the lens of the digital. The essays in this volume highlight the*

opportunities for new questions to be asked and long-standing questions to be reconsidered when drawing on the digital in humanities research. This is a groundbreaking collection of essays offering incisive and essential reading for anyone with an interest in the English language and digital humanities.

*English as a GloCalization Phenomenon. Observations from a Linguistic Microcosm*  
Aug 15 2021 Les contribucions que recull aquest volum descriuen, des de perspectives multidisciplinars, la utilització de l'anglès com a fenomen global/local en contextos acadèmics. En particular, el volum pren com a referent l'ús de l'idioma en un petit 'microcosmos' universitari i interpreta des de diferents punts de vista teòrics la construcció d'identitats socials i la negociació de significats entre els membres d'aquesta comunitat acadèmica.

*Phraseology in English Academic Writing  
Oct 17 2021 The series features monographs  
and edited volumes on the topics of  
lexicography and meta-lexicography. Works  
from the broader domain of lexicology are  
also included if they strengthen the  
theoretical, methodological and empirical  
basis of lexicography and meta-  
lexicography. The volumes focus on aspects  
of lexicography such as micro- and  
macrostructure, typology, history of the  
discipline, and application-oriented  
lexicographical documentation.*

*Grammatical Complexity in Academic  
English Jul 14 2021 Using corpus-based  
analyses, the book challenges widely held  
beliefs about grammatical complexity,  
academic writing, and linguistic change in  
written English.*

*Teaching English with Corpora Jan 08 2021  
Teaching English with Corpora is an*

accessible and practical introduction to the ways in which online and offline corpora can be used in English language teaching (ELT). Featuring 70 chapters written by an international range of researchers and practitioners, this book:

- provides readers with clear, tested examples of corpus-based/driven lesson plans;
- contains activities relevant to English for general purposes and English for specific purposes;
- caters for the needs of English language teachers working with learners at different proficiency levels;
- features flexible teaching suggestions that can be explored as part of a lesson or as a full lesson.

This book is an essential purchase for pre- and in-service English language teachers as well as those studying corpus linguistics in undergraduate/Master's courses in applied linguistics, ELT and Teaching English to Speakers of Other Languages (TESOL).

PTE Academic Vocabulary Practice Book with Exercises and Answers May 24 2022  
Exam SAM's PTE Academic Vocabulary Practice Book with Exercises and Answers helps you learn the essential words that

you need in order to do well on the actual Pearson Test of English Academic Version. Many students fail to perform well on the PTE Academic Exam because they have poor vocabulary skills. Exam SAM's PTE Academic Vocabulary Practice Book contains the advanced vocabulary you need to ace the PTE Academic Test.. The vocabulary in this publication is organized into alphabetized chapters, from A to Z. First, you should study the definitions, sample sentences, and synonyms in each chapter. There are definitions and sample sentences for each vocabulary item. By using this study guide, you will also learn derivative words, formed by using a prefix or suffix, for each item of vocabulary that you are likely to see on the test. Most important, there are exercises at the end of each chapter of the study guide to reinforce your learning. So, when you have studied each chapter, you should then try the vocabulary exercises. The exercises will provide you with further practice in utilizing the vocabulary naturally in sentences, a skill which is needed for the exam. The PTE Academic

*Vocabulary Practice Book with Exercises and Answers is perfect for exam preparation. After you complete the exercises at the end of each chapter, you should try the eight vocabulary practice tests at the end of the study guide. You can check your answers to the vocabulary practice tests by looking at the answer key provided at the end of the book. Get a step ahead on the PTE by learning and practicing all of the essential words used in the real exam! You may also be interested in our other publication: PTE Academic Preparation Book: Pearson Test of English Practice Exams in Speaking, Writing, Reading, and Listening with Free mp3s, Sample Essays, and Answers*

*Writing Instruction and Assessment for English Language Learners K-8 Jan 26 2020*  
Many English language learners (ELLs) require extra support to become successful writers. This book helps teachers understand the unique needs of ELLs and promote their achievement by adapting the effective instructional methods teachers already know. Engaging and accessible, the book features standards-based lesson

planning ideas, examples of student work, and 15 reproducible worksheets, rubrics, and other useful materials. It describes ways to combine instruction in core skills with ample opportunities to write and revise in different genres. Invaluable guidance is provided for assessing ELLs' writing development at different grade levels and language proficiency levels.

Applying English Grammar. Feb 06 2021  
This edited collection is about the application of English grammar and specialises in 'functional' and 'corpus' approaches, approaches which are increasingly recognised as providing significant insights into English language in action. It aims to stimulate interest and understanding of grammar as an applied tool not just for grammarians or language learners, but for all those interested in how language is organized to shape our view of events in the world. As the

chapters in this book show, functional and corpus approaches allow us to make observations that would not be amenable through more traditional forms of grammatical analysis. They also illustrate how researchers can fruitfully bring together corpus and functional approaches to reveal how grammar and lexis create and transmit values, identities and ideologies. Research in Critical Discourse Analysis (CDA) has a long tradition of drawing on functional grammar but has only relatively recently begun to draw on corpus linguistics. As such, the book is unusual in presenting work on CDA which draws on corpus linguistics. But not only that, it is also unique in presenting work in CDA which brings together the methodologies of corpus linguistics and functional grammar, demonstrating their combined potential for illuminating ideological perspectives, particularly in media texts. Given this focus and given the increasing value of empirical data, the book will be of interest to those in a range of disciplines including the humanities and media and cultural studies.

Chapters comprise both newly commissioned and previously published works that illustrate the two methodological approaches to grammatical analysis and how they can be applied to deepen our understanding of language.

*IELTS 15 Academic Student's Book with Answers with Audio with Resource Bank Dec 19 2021* Authentic examination papers from Cambridge Assessment English provide perfect practice because they are **EXACTLY** like the real test. Inside *IELTS 15 Academic with Answers with Audio* you'll find **FOUR** complete examination papers plus details of the different parts of the test and the scoring system, so you can familiarise yourself with the Academic test format and practise your exam technique. *German and English Oct 05 2020* German and English: Academic Usage and Academic

*Translation focuses on academic and popular scientific/academic usage. This book's brief is both theoretical and practical: on the theoretical side, it aims to provide a systematic, corpus-based account of current academic usage in English and in German as well as of the translation problems associated with various academic genres; on the practical side, it seeks to equip academic translators with the skills required to produce target-language text in accordance with disciplinary conventions. The main perspective taken is that of a translator working from German into English, but the converse direction is also regularly taken into account. Most of the examples used are based on errors that occurred in real-life translation jobs. Additional practice materials and sample translations are available as eResources here:*

*[www.routledge.com/9780367619022](http://www.routledge.com/9780367619022). This book will be an important resource for professionals aspiring to translate academic texts, linguists interested in academic usage, translation scholars, and graduate and post-graduate students.*

*Digital Approaches to Promoting Integration in Higher Education Mar 22 2022* This book discusses digital learning opportunities in higher education for refugees with different educational, social, cultural and linguistic backgrounds. Based on findings from practical studies and research projects from several countries, the book highlights the numerous challenges when it comes to the successful integration of refugees into higher education. These challenges arise at both the individual and the institutional level. The contributions included in this book show how these challenges can be effectively met using digital teaching-learning platforms. The work thus offers a comprehensive insight into the opportunities online-based learning platforms offer regarding the successful integration of refugees into higher education Overall, the research presented in this volume is relevant for political stakeholders, university practitioners in the field of migration research, university research, and online and

digital learning.

English for Academic Study: Grammar for Writing Apr 22 2022 English for Academic Study: Grammar for Writing English for Academic Study: Grammar for Writing is a graded self-study course that will help students improve their academic writing. It will build their confidence in understanding and using grammar for written assignments, so they can write accurate English and communicate more effectively in academic contexts. EAS: Grammar for Writing starts at a relatively low level, recognizing that many students require continuing practice of common grammatical problems in academic writing (such as subject-verb agreement, or the use of present simple and present continuous). It gradually increases the level of challenge so that by the end of the book students can use appropriate grammatical structures to express more complex academic ideas. The nine units are based on the following topics: Starting out Information flow within a text Looking back (past simple and present perfect) Showing logical links (1) Showing logical

links (2) Expressing shades of meaning  
Expressing condition Avoiding person-based  
writing Using relative clauses Each unit  
is divided into three stages, moving from  
basic structures to more complex ones.  
Full explanations and examples are  
followed by extensive practice exercises.  
Many exercises use examples from student  
essays, so students can identify typical  
problems and work out how to put them  
right. Each unit also includes an end-of-  
unit self-check test to give students a  
quick overview of what they have covered.  
There are four useful appendices on:  
articles, describing data, referring to  
academic sources, and a sample student  
essay. A full answer key is available  
here. The dedicated EAS website also  
provides additional resources across the  
range of titles in the series. This book  
can be used in conjunction with the  
following books in the English for  
Academic Studies (EAS) series, also  
published by Garnet Education: EAS:  
Reading, EAS: Writing, EAS: Extended  
Writing & Research Skills, EAS: Listening,  
EAS: Speaking, EAS: Vocabulary and EAS:

### *English Vocabulary for Academic Success*

*Mar 29 2020 "English Vocabulary for Academic Success" is for you if you are an English language student. With this workbook and its dictionary, you will learn the most important academic words that you will need for passing the TOEFL test and other tests. These words are important for you for understanding English in college and university courses. "English Vocabulary for Academic Success" is for you if you are studying English at the intermediate or advanced level. This vocabulary book is for you if you already know about 2,000 basic English words and if you want to study at a college or university in an English-speaking country. With "English Vocabulary for Academic Success," you will learn 540 words from the Academic Word List. You can check your answers using the answer key at the end of each unit and find more information about each word in the dictionary section. This workbook has 10 units, with 54 words per unit. By studying for one hour a day, you can finish one unit in about one week. Not*

only will your vocabulary improve, but also your grammar will improve as you practice changing the parts of speech (noun, verb, adjective, adverb, etc.), changing nouns from singular to plural and changing verb endings. Your spelling will improve because you have to spell each word accurately. There are exercises for producing each word seven or eight times: definition exercises (one sentence in context); "parts of speech" exercises (two sentences in context); collocations exercises (two or three sentences in context); synonyms Crossword Puzzles; review exercises (one sentence in context). Each unit has a dictionary with: definitions; parts of speech; collocations for each definition and each part of speech; additional definitions for idiomatic uses; synonyms; many sample sentences. Collocations are the key to producing vocabulary words the way native speakers do. A collocation is a word or group of words that naturally go together with a specific word. For example, the word "context" has the collocation "to take (something) out of." Thus, a native

speaker would say "Please don't take my words out of context." There are thousands of collocation examples in "English Vocabulary for Academic Success." By learning these words, you will know almost 90% of the words that you read and hear in academic situations. You will read faster and understand much better. Your academic writing will improve because you will be able to produce the words with accurate grammar and spelling and use them with their correct collocations the way native speakers do. By knowing these words, you will have a greater chance to pass the TOEFL and other tests. Free Quizzes: Professionally prepared quizzes for each unit are available for instructors whose students are required to use this textbook. Please find more information in the preface of the book. Instructors whose second language is English will find this book extremely useful. This book provides thousands of examples of how native speakers of English use vocabulary in real-world situations.
