The Weekend Novelist Rewrites the Novel Oct 24 2019 This follow-up to the bestselling *The Weekend Novelist* will guide writers of all levels through the next phase in crafting their novel: the rewrite. You've finished your first draft—congratulations! Think it's ready for publication? Think again. The next stage is all about revising and reworking your manuscript—fine-tuning the plot, adding or improving subplots, and fleshing out characters; in short, addressing important structural issues that make or break a novel. Robert J. Ray, who helped thousands of writers get from blank page to first draft in *The Weekend Novelist*, now guides the same audience through a series of seventeen weekend revision exercises designed to fit into any busy lifestyle, focusing on everything from rewriting scenes to developing sound flashbacks to refining characters' back stories. Throughout the book, Ray illustrates his lessons with examples from such great works of literature as *Jane Eyre*, *Gorky Park*, and *The Great Gatsby* so that writers may more easily identify how and why a certain technique or structural element helps or hinders their own work. Also included are checklists, timed exercises, plot diagrams, and charts—all aimed to get you rewriting and revising your draft with confidence. Whether you're an amateur novelist, a seasoned writer who's hit a mental block, or a creative writing teacher looking for proven exercises for better instruction, *The Weekend Novelist Rewrites the Novel* provides the tools to transform first drafts into successful novels.

The Oxford Handbook of the British Sermon 1689-1901 Oct 29 2022 The period 1689-1901 was 'the golden age' of the sermon in Britain. It was the best selling printed work and dominated the print trade until the mid-nineteenth century. Sermons were highly influential in religious and spiritual matters, but they also played important roles in elections and politics, science and ideas and campaigns for reform. Sermons touched the lives of ordinary people and formed a dominant part of their lives. Preachers attracted huge crowds and the popular demand for sermons was never higher. Sermons were also taken by missionaries and clergy across the British empire, so that preaching was integral to the process of imperialism and shaped the emerging colonies and dominions. The form that sermons took varied widely, and this enabled preaching to be adopted and shaped by every denomination, so that in this period most religious groups could lay claim to a sermon style. The pulpit naturally lent itself to controversy, and consequently sermons lay at the heart of numerous religious arguments. Drawing on the latest research by leading sermon scholars, this handbook accesses historical, theological, rhetorical, literary and linguistic studies to demonstrate the interdisciplinary strength of the field of sermon studies and to show the centrality of sermons to religious life in this period.

Carved in Stone, Etched in Memory Dec 07 2020 Despite the recent history of violence and destruction, Bosnia-Herzegovina holds a positive place in history, marked by a

continuous interweaving of different religious cultures. The most expansive period in that regard is the Ottoman rule that lasted here nearly five centuries. As many Bosnians accepted Islam, the process of Islamization took on different directions and meanings, only some of which are recorded in the official documents. This book underscores the importance of material culture, specifically gravestones, funerary inscriptions and images, in tracing and understanding more subtle changes in Bosnia's religious landscape and the complex cultural shifts and exchange between Christianity and Islam in this area. Gravestones are seen as cultural spaces that inscribe memory, history, and heritage in addition to being texts that display, in image and word, first-hand information about the deceased. In tackling these topics and ideas, the study is situated within several contextual, theoretical, and methodological frameworks. Raising questions about religious identity, history, and memory, the study unpacks the cultural and historical value of gravestones and other funerary markers and bolsters their importance in understanding the region's complexity and improving its visibility in global discussions around multiculturalism and religious pluralism. Drawing upon several disciplinary methods, the book has much to offer anyone looking for a better understanding of the intersection of Christianity and Islam, as well as those with an interest in death studies.

Blindsided Feb 18 2022 Uniquely two-books-in-one, this 2nd Edition of *Blindsided* covers both Crisis Response and Crisis Preparedness and interweaves the principles of Crisis Leadership through every phase. Intensely experiential, the book lands you in the middle of a fast-breaking crisis and uses riveting case studies/examples to demonstrate what a top-notch leader would say and do at every turn. Then, based on this eye-opening simulation, the author uses his 30 years of global crisis experience to show you how to write and implement a real-world crisis management plan. Blythe has divided *Blindsided* into two operational sections: Crisis Response and Crisis Preparedness. His emphasis throughout is on the often-neglected human side of crisis management, going beyond protecting tangible assets and instilling principled concern for human well-being into every decision. Part 1. Crisis Response: Using the technique of focused imagery, Blythe places you in a dramatic and realistic scenario. You're now an unprepared manager blindsided by the reality of an active shooter loose in your building. Some workers may already be injured or dead. What's your next move? How do you make sure everybody is safe? How do you set up teams, command centers, crisis containment, and effective communication? How do you protect your corporate reputation? Can you rebuild the spirit, cohesion, and productivity of employees in the post-crisis "new normal"? At the start of the book, before you faced the sudden crisis in this simulation, a crisis response plan may have been a project for 'someday', now it's a priority. Part 2. Crisis Preparedness: Now you embark on building a crisis response plan – or enhancing the one you have. Blythe guides you and your teams to analyze foreseeable risks, evaluate existing controls, add new ones, test and re-evaluate the plan. Analyzing the behavior of national and world leaders, you distinguish clearly the two kinds of leaders who emerge in a crisis: the "crisis whisperer" who becomes a calm center in the storm, and the one in the "crisis red zone," worsening the situation with every word and every decision. You learn to employ the Be-Know-Do leadership model (adapted from military) that has been implemented by senior management teams throughout the world. *Blindsided* includes practical forms, checklists, case studies, real-life examples, glossary, index, discussion questions, and other take-and-use tools, including: Quick Use Response Guide: Each chapter ends with a summary checklist, all 15 can form a ready-reference pocket guide. Incident Checklists for 9 Major Crises: Practical checklists for accidental deaths, aircraft crash, chemical/toxic exposure, civil unrest, earthquake, explosion/fire, flood, kidnap ransom, shooting, plus 20 other foreseeable risks. 20-Page Guide for Addressing Families of the Injured: What to say/do to help families of fatalities or seriously injured with medical/financial assistance, emotional support and training teams assigned to work with them. Your next crisis will happen when least expected, but with Blythe's guidance, you'll never again be blindsided!

The Art of Gathering Mar 22 2022 "Hosts of all kinds, this is a must-read!" --Chris Anderson, owner and curator of TED From the host of the New York Times podcast *Together Apart*, an exciting new approach to how we gather that will transform the ways we spend our time together—at home, at work, in our communities, and beyond. In *The Art of Gathering*, Priya Parker argues that the gatherings in our lives are lackluster and unproductive—which they don't have to be. We rely too much on routine and the conventions of gatherings when we should focus on distinctiveness and the people involved. At a time when coming together is more important than ever, Parker sets forth a human-centered approach to gathering that will help everyone create meaningful, memorable experiences, large and small, for work and for play. Drawing on her expertise as a facilitator of high-powered gatherings around the world, Parker takes us inside events of all kinds to show what works, what doesn't, and why. She investigates a wide array of gatherings--conferences, meetings, a courtroom, a flash-mob party, an Arab-Israeli summer camp--and explains how simple, specific changes can invigorate any group experience. The result is a book that's both journey and guide, full of exciting ideas with real-world applications. *The Art of Gathering* will forever alter the way you look at your next meeting, industry conference, dinner party, and backyard barbecue--and how you host and attend them.

Active Learning Lessons, Activities, and Assignments for the Modern Social Work Educator Apr 22 2022 This text infuses the field of social work with dynamic and evidence-based active learning, offering fresh ideas to increase students' abilities to effectively implement their social work practice. To practice social work in the real world, students need to be energized and engaged with the realities of the modern social work landscape. Written in an accessible and practical style, the impressive array of contributors provide social work educators with structured lesson plans, practice exercises, and assignments that can be used in both the physical and virtual classroom. Combining the latest research with current social work practice trends, the chapters cover cutting-edge topics such as ethics, social work technology, the importance of self-care, and social justice and activism, bridging the gap between current social work education and the needs of the modern social work student. This book is invaluable reading for both social work educators and their students, providing tools to seamlessly integrate innovative techniques into the classroom as well as helping their students navigate a career in social work after graduation.

Parlour Games and the Public Life of Women in Renaissance Italy Jul 14 2021 Confined by behavioural norms and professional restrictions, women in Renaissance Italy found a welcome escape in an alternative world of play. This book examines the role of games of wit in the social and cultural experience of patrician women from the early sixteenth to the early eighteenth century. Beneath the frivolous exterior of such games as occasions for idle banter, flirtation, and seduction, there often lay a lively contest for power and agency, and the opportunity for conventional women to demonstrate their intellect, to achieve a public identity, and even to model new behaviour and institutions in the non-ludic world. By tapping into the records and cultural artifacts of these games, George McClure recovers a realm of female fame that has largely escaped the notice of modern historians, and in so doing, reveals a cohort of spirited, intellectual women outside of the courts.

Anaphora Resolution Dec 31 2022 Teaching computers to solve language problems is one of the major challenges of natural language processing. There is a large amount of interesting research devoted to this field. This book fills an existing gap in the literature with an up-to-date survey of the field, including the author's own contributions. A number of different fields overlap in anaphora resolution – computational linguistics, natural language processing (NLP), grammar, semantics, pragmatics, discourse analysis and artificial intelligence. This book begins by introducing basic notions and terminology, moving onto early research methods and approaches, recent developments and applications, and future directions. It addresses various issues related to the practical implementation of anaphora systems, such as rules employed, algorithms implemented or evaluation techniques used. This is an ideal reference book for students and researchers in this particular area of computational linguistics. Since anaphora resolution is vital

for the development of any practical NLP system, the book will be of interest to readers from both academia and industry.

Television Histories Sep 23 2019 From Ken Burns's documentaries to historical dramas such as *Roots*, from A&E's Biography series to CNN, television has become the primary source for historical information for tens of millions of Americans today. Why has television become such a respected authority? What falsehoods enter our collective memory as truths? How is one to know what is real and what is imagined—or ignored—by producers, directors, or writers? Gary Edgerton and Peter Rollins have collected a group of essays that answer these and many other questions. The contributors examine the full spectrum of historical genres, but also institutions such as the History Channel and production histories of such series as *The Jack Benny Show*, which ran for fifteen years. The authors explore the tensions between popular history and professional history, and the tendency of some academics to declare the past "off limits" to nonscholars. Several of them point to the tendency for television histories to embed current concerns and priorities within the past, as in such popular shows as *Quantum Leap* and *Dr. Quinn, Medicine Woman*. The result is an insightful portrayal of the power television possesses to influence our culture.

Final Rights Jun 12 2021 Josh Slocum and Lisa Carlson are the two most prominent advocates of consumer rights in dealing with the death industry. Here they combine efforts to inform consumers of their rights and propose long-needed reforms. Slocum is executive director of Funeral Consumers Alliance, a national nonprofit with over 90 local affiliates nationwide. Carlson is executive director of Funeral Ethics Organization, which works with the industry to try to improve ethical standards. In addition to nationwide issues, the book covers state-by-state information needed by anybody who wishes to take charge of funeral arrangements for a loved one, with or without the help of a funeral director. More information about the book and related issues can be found at www.finalrights.org.

Blurring the Color Line Sep 03 2020 Richard Alba argues that the social cleavages that separate Americans into distinct, unequal ethno-racial groups could narrow dramatically in the coming decades. In *Blurring the Color Line*, Alba explores a future in which socially mobile minorities could blur stark boundaries and gain much more control over the social expression of racial differences.

The Guide to Play Therapy Documentation and Parent Consultation Feb 06 2021 The Guide to Play Therapy Documentation and Parent Consultation guides play therapists through the case-documentation process, from the initial inquiry for services through intake session, diagnosis, treatment planning, session notes, and termination summary. There's a special focus on writing session notes, one of the areas in which play therapists most often request additional training. Chapters also identify play themes, explore clinical theories and case conceptualization, and guide play therapists from the playroom to the paperwork. The authors include several examples of case notes and treatment plans completed from a variety of theoretical perspectives, and vignettes and case studies illustrate ways to connect with caregivers, strategies for working with challenging caregivers, addressing difficult topics at different ages and stages of parenting (how to talk about sex, screen time, co-parenting, etc.), and much more. The book also includes a thorough discussion of ways to structure parent consultations to facilitate the therapeutic process. Expansive appendices provide many case examples and tips to explain and demonstrate documentation, and the authors provide form templates in the text and on the book's website.

Counselling for Grief and Bereavement May 31 2020 `The authors have done their homework in reading and consulting with the prominent literature, especially regarding children. All this effort gives the book a solid background foundation and makes it readable, and well-usable, for both lay counsellors and professional providers, and for all of us who are engaged in the delicate and rewarding endeavor of Grief Therapy' - Naji Abi-Hashem, Clinical & Cultural Psychologist, Berkeley, California Praise for the First Edition: `The book provides an absorbing and challenging journey through the possible process involved in bereavement work, and encourages one to think broadly about how one can approach a bereaved person... this was a book I enjoyed reading very much, and which I found both theoretically sound and practically helpful' - Bereavement Care (Cruse) Counselling for Grief and Bereavement, Second Edition is a bestselling, introductory guide for professionals who work with people experiencing bereavement through death and other forms of loss. Focusing on practical assessment and intervention strategies, Geraldine Humphrey and David Zimpfer guide readers through the essential theory and skills needed to work with clients in a way which sensitively facilitates the process of grief, initiates healing and promotes a sense of growth. Setting out the broad principles for practice, the authors go on to show how these can be applied in working with individuals, families and groups and in relation to specific issues including chronic and life-threatening illnesses, palliative care and complicated grief. Carefully chosen case examples illustrate the counselling process, while specific attention is paid throughout to ethical considerations and the possible need for referral. This fully revised and updated Second Edition features a new chapter on working with children and adolescents: both from the perspective of young people who are grieving losses and those who are receiving palliative care as patients. While focusing on the practical, the book provides a firm theoretical base by explaining key concepts such as attachment, grief and resilience. Geraldine M. Humphrey is Counsellor in the Department of Psychology at the North Canton Medical Foundation, specializing in death, illnesses, and non-death and grief. David G. Zimpfer is former Director of the Cancer Center of Ohio.

The Ethics and Aesthetics of Vulnerability in Contemporary British Fiction Aug 03 2020 This book visits vulnerability in contemporary British fiction, considering vulnerability in its relation to poetics, politics, ethics, and trauma. Vulnerability and risk have become central issues in contemporary culture, and artistic productions have

increasingly made it their responsibility to evoke various types of vulnerabilities, from individual fragilities to economic and political forms of precariousness and dispossession. Informed by trauma studies and the ethics of literature, this book addresses such issues by focusing on the literary evocations of vulnerability and analyzing various aspects of vulnerable form as represented and performed in British narratives, from contemporary classics by Peter Ackroyd, Pat Barker, Anne Enright, Ian McEwan, and Jeanette Winterson, to less canonical texts by Nina Allan, Jon McGregor, and N. Royle. Chapters on romance, elegy, the ghost story, and the state-of-the-nation novel draw on a variety of theoretical approaches from the fields of trauma studies, affect theory, the ethics of alterity, the ethics of care, and the ethics of vulnerability, among others. Showcasing how the contemporary novel is the privileged site of the expression and performance of vulnerability and vulnerable form, the volume broaches a poetics of vulnerability based on categories such as testimony, loss, unknowing, temporal disarray, and performance. On top of providing a book-length evocation of contemporary fictions of vulnerability and vulnerable form, this volume contributes significantly to considerations of the importance of Trauma Studies to Contemporary Literature.
